1 (8) The department shall:

2 (a) conduct a biennial review of experimental wastewater system components that have been
3 granted a waiver or deviation as provided in subsection (6)(j);

4 (b) utilize relevant analysis of wastewater system components approved in other states and data

11 approved.

12 (9) Review and certification or denial of certification that a division of land is not subject to sanitary
13 restrictions under this part may occur only under those rules in effect when a complete application is submitted
14 to the reviewing authority, except that in cases in which current rules would preclude the use for which the lot

16 In the absence of specific requirements, minimum standards necessary to protect public health and water
17 quality apply.

18 (10) The reviewing authority may not deny or condition a certificate of subdivision approval under
19 this part unless it provides a written statement to the applicant detailing the circumstances of the denial or
20 condition imposition. The statement must include:

21 (a) the reason for the denial or condition imposition;

22 (b) the evidence that justifies the denial or condition imposition; and

23 (c) information regarding the appeal process for the denial or condition imposition.

2 setting forth fees that do not exceed actual costs for reviewing plats and subdivisions, conducting inspections
3 pursuant to 76-4-107, and conducting enforcement activities pursuant to 76-4-108. The rules must provide for a

6 76-4-108. The fees must be based on the complexity of the subdivision, including but not limited to:

- 7 (a) number of lots in the subdivision;
- 8 (b) the type of water system to serve the development;
- 9 (c) the type of sewage disposal to serve the development; and
- 10 (d) the degree of environmental research necessary to supplement the review procedure.

11 (2) The department shall adopt rules to determine the distribution of fees to the ~~local~~ LOCAL
12 reviewing authority ~~other than the department~~ for reviews conducted pursuant to 76-4-104, inspections
13 conducted pursuant to 76-4-107, and enforcement activities conducted pursuant to 76-4-108.

14 (3) ~~The local~~ A THE LOCAL reviewing authority ~~other than the department~~ may establish a fee to

8 **"76-4-108. Enforcement.** (1) If the reviewing authority has reason to believe that a violation of this
9 part or a rule adopted or an order issued under this part has occurred, the reviewing authority may have written

11 The notice must state the provision alleged to be violated, the facts alleged to constitute the violation, the
12 corrective action required by the reviewing authority, and the time within which the action is to be taken. A
13 notice and order issued by the department under this section may also assess an administrative penalty as
14 provided in 76-4-109. The alleged violator may, no later than 30 days after service of a notice and order under
15 this section, request a hearing before the ~~local~~-reviewing authority other than the department if it issued the
16 notice of violation or the board if the department issued the notice of violation. A request for a hearing must be

11 **Section 6.** Section 76-4-114, MCA, is amended to read:

12 **"76-4-114. Review of application.** Except as provided in 76-4-125, the applicant shall submit an
13 application for review of a subdivision pursuant to the following procedure:

14 (1) An applicant may request a preapplication meeting with the reviewing authority prior to
15 submitting an application. The reviewing authority shall schedule the requested meeting between the applicant
16 and the reviewing authority within 30 days of receiving the request from the applicant. The meeting may be
17 conducted in person, via telephone, or via teleconference. For informational purposes only, the reviewing agent
18 shall identify the state laws and rules that may apply to the subdivision review process.

19 (2) If the proposed development includes onsite sewage disposal facilities, the applicant shall
20 notify the designated agent of the local board of health prior to presenting the subdivision application to the
21 reviewing authority. The agent may conduct a preliminary site assessment to determine whether the site meets
22 applicable state and local requirements.

23 (3) (a) After submitting an application if required under the Montana Subdivision and Platting Act,
24 the applicant shall submit an application to the reviewing authority. A subdivision application is considered to be

2 of the reviewing authority's determination. If the reviewing authority determines that elements are missing from
3 the application, the reviewing agent or agency shall identify those elements in the notification. The applicant
4 shall address the missing elements identified by the reviewing authority. A determination that an application
5 contains the required elements for review as provided in this subsection (3)(b) does not ensure that the
6 proposed subdivision will be approved and does not limit the ability of the reviewing authority to request
7 additional information during the review process.

8 (c) (i) After the reviewing authority notifies the applicant that the application contains all of the
9 required elements as provided by subsection (3)(b), the reviewing authority shall make a final decision or a
10 recommendation on the application. Except as provided by subsection (4), the reviewing authority shall:

11 (A) make a final decision within 40 days of finding that the application contains all of the required
12 elements if the reviewing authority is the department; or

14 of finding that the application contains all of the required elements if the reviewing authority is a local
15 department ~~or, a local board of health, or an independent reviewing entity~~. If the department receives a
16 recommendation for approval of the subdivision from a local department ~~or, a local board of health, or an~~
17 independent reviewing entity, the department shall make a final decision on the application within 10 days of
18 receiving the recommendation of the reviewing authority.

19 (ii) If the department approves the application, the department shall issue a certificate of
20 subdivision approval indicating that it has approved the plans and specifications and that the subdivision is not
21 subject to a sanitary restriction.

22 (iii) If the reviewing authority denies the application, the reviewing authority shall identify the
23 deficiencies that result in the denial in a notification to the applicant.

24 (d) (i) If the reviewing authority denies an application and the applicant resubmits a corrected
25 application within 30 days after the date of the denial letter, the reviewing authority shall complete review of the
26 resubmitted application within 30 days after receipt of the resubmitted application.

4 or

5 (B) 45 days after receipt of the resubmitted application if the reviewing authority is a local
6 department or a local board of health.

7 (iii) If the review of the resubmitted application is conducted by a local department, ~~or a local~~ board
8 of health, or an independent reviewing entity and the reviewing authority makes a recommendation to the
9 department for approval of the application, the department shall make a final decision on the application within
10 10 days after the ~~local~~ reviewing authority completes its review under subsection (3)(d)(i) or (3)(d)(ii).

11 (4) Except as provided in subsections (6) and (7), if the reviewing authority needs an extension of
12 a deadline in this section to complete its review or if an applicant requests an extension of a deadline, then the
13 reviewing authority shall notify the applicant of the extension prior to the end of the review deadline. An
14 extension under this subsection may not exceed 30 days; however, the reviewing authority may issue more
15 than one extension.

16 (5) The reviewing authority may extend a deadline in this section until the items required in 76-4-

18 review deadline. The reviewing authority shall make a final decision within 30 days of receipt of the items
19 required in 76-4-115(2).

20 (6) The department may extend a deadline under subsections (3)(c) and (3)(d) by 90 days if an
