HB 19 line edits

From Section 2 (7):

in collaboration with the state-tribal economic development commission, tribal governments, and other partners, develop a system for the gathering of data allowing the department to quantify on an ongoing basis the economic contributions of ~~Indian reservation tribes~~ in Montana ~~and the Little Shell Chippewa tribe based on federal, state, local, tribal, and private input.~~ Data sharing and use agreements shall be executed with each tribal government. The department shall update the state tribal relations committee on this effort and, beginning no later than December 1, 2024, and in a manner beneficial to tribal governments, policymakers, and the public, make aggregate data on the economic contributions of ~~Indian reservation tribes~~ in Montana ~~and the Little Shell Chippewa tribe~~ readily available on an ongoing basis. Disaggregated data provided by tribal governments pursuant to data sharing and use agreements and identified by tribes as confidential is "confidential information" as defined at 2-6-1002(1)(d), MCA. The department may accept contributions and donations from individuals and organizations for the purposes of this subsection.
