17 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:
18

19 **Section 1.** Section 20-9-311, MCA, is amended to read:

20 **"20-9-311. Calculation of average number belonging (ANB) -- 3-year averaging.** (1) Average
21 number belonging (ANB) must be computed for each budget unit as follows:

22 (a) compute an average enrollment by adding a count of regularly enrolled pupils who were
23 enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils on
24 the first Monday in February of the prior school fiscal year or the next school day if those dates do not fall on a
25 school day, and divide the sum by two; and

26 (b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the
27 approved pupil-instruction-related days for the current school fiscal year and divide by 180.

28 (2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-

1 related days may be included in the calculation.

2 (3) When a school district has approval to operate less than the minimum aggregate hours under
3 20-9-806, the total ANB must be calculated in accordance with the provisions of 20-9-805.

4 (4) (a) Except as provided in subsection (4)(d), for the purpose of calculating ANB, enrollment in
5 an education program:

6 (i) from 180 to 359 aggregate hours of pupil instruction per school year is counted as one-quarter-
7 time enrollment;

8 (ii) from 360 to 539 aggregate hours of pupil instruction per school year is counted as half-time
9 enrollment;

10 (iii) from 540 to 719 aggregate hours of pupil instruction per school year is counted as three-
11 quarter-time enrollment; and

12 (iv) 720 or more aggregate hours of pupil instruction per school year is counted as full-time
13 enrollment.

14 (b) Except as provided in subsection (4)(d), enrollment in a program intended to provide fewer than
15 180 aggregate hours of pupil instruction per school year may not be included for purposes of ANB.

16 (c) Enrollment in a self-paced program or course may be converted to an hourly equivalent based
17 on the hours necessary and appropriate to provide the course within a regular classroom schedule.

18 (d) A school district may include in its calculation of ANB a pupil who is enrolled in a program
19 providing fewer than the required aggregate hours of pupil instruction required under subsection (4)(a) or (4)(b)
20 if the pupil has demonstrated proficiency in the content ordinarily covered by the instruction as determined by
21 the school board using district assessments. The ANB of a pupil under this subsection (4)(d) must be converted
22 to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the
23 student has demonstrated proficiency.

24 (e) (i) Except as provided in subsection (4)(e)(ii), a pupil in kindergarten through grade 12 who is
25 concurrently enrolled in more than one public school, program, or district may not be counted as more than one
26 full-time pupil for ANB purposes. When a pupil is concurrently enrolled in more than one district, any fractional
27 enrollment under subsection (4)(a) must be attributed first to a pupil's nonresident district.

28 (ii) A pupil who participates in a jumpstart program under Title 20, chapter 7, part 18, may be

1 counted as up to 1 1/4 enrollment for ANB purposes. A district shall add one-quarter enrollment for a pupil who
2 participated in an early literacy jumpstart program to the pupil's regular enrollment count under this subsection
3 (4) in both the October and February enrollment counts following the student's participation in the jumpstart
4 program.

5 (5) For a district that is transitioning from a half-time to a full-time kindergarten program, the state
6 superintendent shall count kindergarten enrollment in the previous year as full-time enrollment for the purpose
7 of calculating ANB for the elementary programs offering full-time kindergarten in the current year. For the
8 purposes of calculating the 3-year ANB, the superintendent of public instruction shall count the kindergarten
9 enrollment as one-half enrollment and then add the additional kindergarten ANB to the 3-year average ANB for
10 districts offering full-time kindergarten.

11 (6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school
12 days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil
13 resumes attendance prior to the day of the enrollment count.

14 (7) (a) (i) The enrollment of preschool pupils, in preschool programs created at the discretion of
15 trustees as provided in 20-7-117, may not be included in the ANB calculations.

16 (ii) Preschool children with disabilities receiving special education services as required under 20-7-
17 411(3) may be included in ANB calculations based on the aggregate hours of pupil instruction as provided in
18 subsection (4) of this section.

19 (b) Except as provided in subsection (7)(c), a pupil who has reached 19 years of age by
20 September 10 of the school year may not be included in the ANB calculations.

21 (c) A pupil with disabilities who is over 19 years of age and has not yet reached 21 years of age by
22 September 10 of the school year and who is receiving special education services from a school district pursuant
23 to 20-7-411(4)(a) may be included in the ANB calculations if:

24 (i) the student has not graduated;

25 (ii) the student is eligible for special education services and is likely to be eligible for adult services
26 for individuals with developmental disabilities due to the significance of the student's disability; and

27 (iii) the student's individualized education program has identified transition goals that focus on
28 preparation for living and working in the community following high school graduation since age 16 or the

1 student's disability has increased in significance after age 16.

2 (d) A school district providing special education services pursuant to subsection (7)(c) is
3 encouraged to collaborate with agencies and programs that serve adults with developmental disabilities in
4 meeting the goals of a student's transition plan.

5 (8) The average number belonging of the regularly enrolled pupils for the public schools of a
6 district must be based on the aggregate of all the regularly enrolled pupils attending the schools of the district,
7 except that:

8 (a) the ANB is calculated as a separate budget unit when:

9 (i) a school of the district is located more than 20 miles beyond the incorporated limits of a city or
10 town located in the district and at least 20 miles from any other school of the district, the number of regularly
11 enrolled pupils of the school must be calculated as a separate budget unit for ANB purposes and the district
12 must receive a basic entitlement for the school calculated separately from the other schools of the district;

13 (ii) a school of the district is located more than 20 miles from any other school of the district and
14 incorporated territory is not involved in the district, the number of regularly enrolled pupils of the school must be
15 calculated separately for ANB purposes and the district must receive a basic entitlement for the school
16 calculated separately from the other schools of the district;

17 (iii) the superintendent of public instruction approves an application not to aggregate when
18 geographic barriers exist affecting transportation, such as poor roads, mountains, rivers, or other obstacles to
19 travel, that would result in an unusual hardship to the pupils of the school if they were transported to another
20 school, the number of regularly enrolled pupils of the school must be calculated separately for ANB purposes
21 and the district must receive a basic entitlement for the school calculated separately from the other schools of
22 the district; or

23 (iv) two or more districts consolidate or annex under the provisions of 20-6-422 or 20-6-423, the
24 ANB and the basic entitlements of the component districts must be calculated separately for a period of 3 years
25 following the consolidation or annexation. Each district shall retain a percentage of its basic entitlement for 3
26 additional years as follows:

27 (A) 75% of the basic entitlement for the fourth year;

28 (B) 50% of the basic entitlement for the fifth year; and

1 (C) 25% of the basic entitlement for the sixth year.

2 (b) when a junior high school has been approved and accredited as a junior high school, all of the
3 regularly enrolled pupils of the junior high school must be considered as high school district pupils for ANB
4 purposes;

5 (c) when a middle school has been approved and accredited, all pupils below the 7th grade must
6 be considered elementary school pupils for ANB purposes and the 7th and 8th grade pupils must be considered
7 high school pupils for ANB purposes; or

8 (d) when a school has been designated as nonaccredited by the board of public education
9 because of failure to meet the board of public education's assurance and performance standards, the regularly
10 enrolled pupils attending the nonaccredited school are not eligible for average number belonging calculation
11 purposes, nor will an average number belonging for the nonaccredited school be used in determining the BASE
12 funding program for the district.

13 (9) The district shall provide the superintendent of public instruction with semiannual reports of
14 school attendance, absence, and enrollment for regularly enrolled students, using a format determined by the
15 superintendent.

16 (10) (a) Except as provided in subsections (10)(b) and (10)(c), enrollment in a basic education
17 program provided by the district through any combination of in-person or remote instruction may be included for
18 ANB purposes only if the pupil is offered access to the complete range of educational services for the basic
19 education program required by the accreditation standards adopted by the board of public education.

20 (b) Access to school programs and services for a student placed by the trustees in a private
21 program for special education may be limited to the programs and services specified in an approved individual
22 education plan supervised by the district.

23 (c) Access to school programs and services for a student who is incarcerated in a facility, other
24 than a youth detention center, may be limited to the programs and services provided by the district at district
25 expense under an agreement with the incarcerating facility.

26 (d) This subsection (10) may not be construed to require a school district to offer access to
27 activities governed by an organization having jurisdiction over interscholastic activities, contests, and
28 tournaments to a pupil who is not otherwise eligible under the rules of the organization.

1 (11) A district may include only, for ANB purposes, an enrolled pupil who is otherwise eligible under
2 this title and who is:

3 (a) a resident of the district or a nonresident student admitted by trustees under a student
4 attendance agreement and who is attending a school or an offsite instructional setting of the district;

5 (b) unable to attend school due to a medical reason certified by a medical doctor and receiving
6 individualized educational services supervised by the district, at district expense, at a home or facility that does
7 not offer an educational program;

8 (c) unable to attend school due to the student's incarceration in a facility, other than a youth
9 detention center, and who is receiving individualized educational services supervised by the district, at district
10 expense, at a home or facility that does not offer an educational program;

11 (d) receiving special education and related services, other than day treatment, under a placement
12 by the trustees at a private nonsectarian school or private program if the pupil's services are provided at the
13 district's expense under an approved individual education plan supervised by the district;

10 the individual may not be counted as more than one full-time enrollment for ANB purposes.
