13 (7) (a) Department employees may be issued a firearm as allowed in subsection (6)(a)(ii) only after
14 submitting a form of final approval as determined and approved by the department.

3 (iii) manage elk, deer, and antelope populations based on habitat estimates determined as
4 provided in 87-1-322 and maintain elk, deer, and antelope population numbers at or below population estimates
5 as provided in 87-1-323. In implementing an elk management plan, the department shall, as necessary to
6 achieve harvest and population objectives, request that land management agencies open public lands and
7 public roads to public access during the big game hunting season.

8 (iv) in accordance with the forest management plan required by 87-1-622, address fire mitigation,
9 pine beetle infestation, and wildlife habitat enhancement giving priority to forested lands in excess of 50

15 (c) Any management plan developed by the department pursuant to this subsection (10) is subject
16 to the requirements of Title 75, chapter 1, part 1.

20 the numbers of each species of game animal, as defined in 87-2-101, in the hunting districts and administrative
21 regions of the state. In preparing the publication, the department may incorporate field observations, hunter

23 an explanation of the basis used in determining the game count.

24 (12) The department shall report current sage grouse population numbers, including the number of
25 leks, to the Montana sage grouse oversight team, established in 2-15-243, and the environmental quality

27 population data available from the department or any other source.

28 (13) The department may not regulate the use or possession of firearms, firearm accessories, or

1 ammunition, including the chemical elements of ammunition used for hunting. This does not prevent:

2 (a) the restriction of certain hunting seasons to the use of specified hunting arms, such as the
3 establishment of special archery seasons and the special muzzleloader heritage hunting season established in
4 87-1-304;

5 (b) for human safety, the restriction of certain areas to the use of only specified hunting arms,

15 (b) college students;

16 (c) nonresidents who were former residents;

17 (d) nonresident licenses purchased by utilizing an outfitter preference point;

19 (f) any other license opportunity or program for nonresidents.

20 (15) Except for mountain sheep as provided in 87-3-315, the department shall promulgate rules
21 relative to managing the collecting and possessing of naturally shed antlers and horns or the antlers or horns of
22 a game animal with a skull or a portion of a skull attached that has died from natural causes and that has not
23 been unlawfully killed, captured, or taken or accidentally killed."

5 tag and designate times when only bows and arrows may be used to hunt deer, antelope, elk, moose, sheep,
6 goat, mountain lion, bear, wild buffalo or bison, and wolf in those areas;

7 (d) subject to the provisions of 87-1-301(6), restrict areas and species to hunting with only
8 specified hunting arms, including bow and arrow, for the reasons of safety or of providing diverse hunting
9 opportunities and experiences; and

10 (e) declare areas open to special license holders only and issue special licenses in a limited
11 number when the commission determines, after proper investigation, that a special season is necessary to
12 ensure the maintenance of an adequate supply of game birds, fish, or animals or fur-bearing animals. The
13 commission may declare a special season and issue special licenses when game birds, animals, or fur-bearing
14 animals are causing damage to private property or when a written complaint of damage has been filed with the
15 commission by the owner of that property. In determining to whom special licenses must be issued, the
16 commission may, when more applications are received than the number of animals to be killed, award permits
17 to those chosen under a drawing system. The procedures used for awarding the permits from the drawing
18 system must be determined by the commission.

19 (2) The commission may adopt rules governing the use of livestock and vehicles by archers during
20 special archery seasons.

21 (3) Subject to the provisions of 87-5-302 and subsection (7) of this section, the commission may

24 and later may open those districts to hunting, fishing, or trapping.

25 (4) The commission may declare a closed season on any species of game, fish, game birds, or fur-
26 bearing animals threatened with undue depletion from any cause. The commission may close any area or
27 district of any stream, public lake, or public water or portions thereof to hunting, trapping, or fishing for limited
28 periods of time when necessary to protect a recently stocked area, district, water, spawning waters, spawn-

1 taking waters, or spawn-taking stations or to prevent the undue depletion of fish, game, fur-bearing animals,
2 game birds, and nongame birds. The commission may open the area or district upon consent of a majority of
3 the property owners affected.

4 (5) The commission may authorize the director to open or close any special season upon 12 hours'
5 notice to the public.

6 (6) The commission may declare certain fishing waters closed to fishing except by persons under
7 15 years of age. The purpose of this subsection is to provide suitable fishing waters for the exclusive use and
8 enjoyment of juveniles under 15 years of age, at times and in areas the commission in its discretion considers
9 advisable and consistent with its policies relating to fishing.

10 (7) In an area immediately adjacent to a national park, the commission may not:

11 (a) prohibit the hunting or trapping of wolves; or

12 (b) close the area to wolf hunting or trapping unless a wolf harvest quota established by the
13 commission for that area has been met.

14 (8) The commission may authorize a wolf trapping season that opens the first Monday after
15 Thanksgiving and closes March 15 of the following calendar year, except that the commission may adjust the
16 dates for specific wolf management units based on regional recommendations.

17 (9) There is established a special muzzleloader heritage hunting season that begins on the second
18 Saturday after the end of the regular season and lasts 9 days. During this season, subject to the provisions of
19 87-6-401(1)(i) and rules adopted by the commission, a person may take a deer or elk with a valid license or
20 permit using plain lead projectiles and a muzzleloading rifle that is charged with loose black powder, loose
21 pyrodex, or an equivalent loose black powder substitute and ignited by a flintlock, wheel lock, matchlock, or
22 percussion mechanism using a percussion or musket cap. The muzzleloading rifle must be a minimum of 45
23 caliber and may not have more than two barrels.

24 (10) For an area controlled by the department that has date restrictions for its use, the commission
25 shall allow a resident, as defined in 87-2-102, with a license, as described in [section 1], access to the area 8
26 days in advance of a nonresident with a license, as described in [section 2], for the collecting of naturally shed
27 antlers and horns of elk, deer, and antelope or the antlers or horns of a game animal, except for mountain
28 sheep as provided in 87-3-315, with a skull or a portion of a skull attached that has died from natural causes
