15 provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the
16 uninsured employers' fund provided for in 39-71-503. The department may use the workers' compensation
17 administration fund to reimburse premiums for high-quality work-based learning programs, as provided in 39-
18 71-319. The department shall collect and deposit in the state treasury to the credit of the workers'
19 compensation administration fund:

20 (a) all fees and penalties provided in 39-71-107, 39-71-205, 39-71-223, 39-71-304, 39-71-307, 39-
21 71-315, 39-71-316, 39-71-401(6), 39-71-2204, 39-71-2205, and 39-71-2337; and

22 (b) all fees paid by an assessment on paid losses, plus administrative fines and interest provided
23 by this section.

24 (2) For the purposes of this section, paid losses include the following benefits paid during the
25 preceding calendar year for injuries covered by the Workers' Compensation Act without regard to the
26 application of any deductible whether the employer or the insurer pays the losses:

27 (a) total compensation benefits paid; and

28 (b) except for medical benefits in excess of \$200,000 for each occurrence that are exempt from

1 assessment, total medical benefits paid for medical treatment rendered to an injured worker, including hospital
2 treatment and prescription drugs.

3 (3) Each plan No. 1 employer, plan No. 2 insurer subject to the provisions of this section, and plan
4 No. 3, the state fund, shall file annually on March 1 in the form and containing the information required by the
5 department a report of paid losses pursuant to subsection (2).

6 (4) Each employer enrolled under compensation plan No. 1, compensation plan No. 2, or
7 compensation plan No. 3, the state fund, shall pay its proportionate share determined by the paid losses in the
8 preceding calendar year of all costs of administering and regulating the Workers' Compensation Act, with the
9 exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the
10 subsequent injury fund provided for in 39-71-907, and the uninsured employers' fund provided for in 39-71-503.
11 In addition, compensation plan No. 3, the state fund, shall pay a proportionate share of these costs based upon
12 paid losses for claims arising before July 1, 1990.

13 (5) (a) Each employer enrolled under compensation plan No. 1 shall pay an assessment to fund
14 administrative and regulatory costs. The assessment may be up to 4% of the paid losses paid in the preceding
15 calendar year by or on behalf of the plan No. 1 employer. Any entity, other than the department, that assumes
16 the obligations of an employer enrolled under compensation plan No. 1 is considered to be the employer for the
17 purposes of this section.

18 (b) An employer formerly enrolled under compensation plan No. 1 shall pay an assessment to fund
19 administrative and regulatory costs. The assessment may be up to 4% of the paid losses paid in the preceding
20 calendar year by or on behalf of the employer for claims arising out of the time when the employer was enrolled
21 under compensation plan No. 1.

22 (c) By April 30 of each year, the department shall notify employers described in subsections (5)(a)
23 and (5)(b) of the percentage of the assessment that comprises the compensation plan No. 1 proportionate
24 share of administrative and regulatory costs. The assessment provided for by this subsection (5) must be paid
25 by the employer in:

26 (i) one installment due on July 1; or

27 (ii) two equal installments due on July 1 and December 31 of each year.

28 (d) If an employer fails to timely pay to the department the assessment under this section, the

1 department may impose on the employer an administrative fine of \$500 plus interest on the delinquent amount
2 at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers'
3 compensation administration fund and may be used to pay the reimbursement of premiums required under 39-
4 71-319.

5 (6) (a) Compensation plan No. 3, the state fund, shall pay an assessment to fund administrative
6 and regulatory costs attributable to claims arising before July 1, 1990. The assessment may be up to 4% of the
7 paid losses paid in the preceding calendar year for claims arising before July 1, 1990. As required by 39-71-
8 2352, the state fund may not pass along to insured employers the cost of the assessment for administrative and
9 regulatory costs that is attributable to claims arising before July 1, 1990.

10 (b) The assessment must be paid in:

11 (i) one installment due on July 1; or

12 (ii) two equal installments due on July 1 and December 31 of each year.

13 (c) If the state fund fails to timely pay to the department the assessment under this section, the
14 department may impose on the state fund an administrative fine of \$500 plus interest on the delinquent amount
15 at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers'
16 compensation administration fund.

17 (7) (a) Each employer insured under compensation plan No. 2 or plan No. 3, the state fund, shall
18 pay a premium surcharge to fund administrative and regulatory costs. The premium surcharge must be
19 collected by each plan No. 2 insurer and by plan No. 3, the state fund, from each employer that it insures. The
20 premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate
21 document submitted to the insured employer and must be identified as "workers' compensation regulatory
22 assessment surcharge". The premium surcharge must be excluded from the definition of premiums for all
23 purposes, including computation of insurance producers' commissions or premium taxes. However, an insurer
24 may cancel a workers' compensation policy for nonpayment of the premium surcharge. When collected,
25 assessments may not constitute an element of loss for the purpose of establishing rates for workers'
26 compensation insurance but, for the purpose of collection, must be treated as a separate cost imposed upon
27 insured employers.

28 (b) The amount to be funded by the premium surcharge may be up to 4% of the paid losses paid in

1 the preceding calendar year by or on behalf of all plan No. 2 insurers and may be up to 4% of paid losses for
2 claims arising on or after July 1, 1990, for plan No. 3, the state fund, plus or minus any adjustments as provided
3 by subsection (7)(f). The amount to be funded must be divided by the total premium paid by all employers
4 enrolled under compensation plan No. 2 or plan No. 3 during the preceding calendar year. A single premium
5 surcharge rate, applicable to all employers enrolled in compensation plan No. 2 or plan No. 3, must be
6 calculated annually by the department by not later than April 30. The resulting rate, expressed as a percentage,
7 is levied against the premium paid by each employer enrolled under compensation plan No. 2 or plan No. 3 in
8 the next fiscal year.

9 (c) On or before April 30 of each year, the department, in consultation with the advisory
10 organization designated pursuant to 33-16-1023, shall notify plan No. 2 insurers and plan No. 3, the state fund,
11 of the premium surcharge percentage to be effective for policies written or renewed annually on and after July 1
12 of that year.

13 (d) The premium surcharge must be paid whenever the employer pays a premium to the insurer.
14 Each insurer shall collect the premium surcharge levied against every employer that it insures. Each insurer
15 shall pay to the department all money collected as a premium surcharge within 20 days of the end of the
16 calendar quarter in which the money was collected. If an insurer fails to timely pay to the department the
17 premium surcharge collected under this section, the department may impose on the insurer an administrative
18 fine of \$500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and
19 interest must be deposited in the workers' compensation administration fund and may be used to pay the
20 reimbursement of premiums required under 39-71-319.

21 (e) If an employer fails to remit to an insurer the total amount due for the premium and premium
22 surcharge, the amount received by the insurer must be applied to the premium surcharge first and the
23 remaining amount applied to the premium due.

24 (f) The amount actually collected as a premium surcharge in a given year must be compared to
25 the assessment on the paid losses paid in the preceding year. Any excess amount collected must be deducted
26 from the amount to be collected as a premium surcharge in the following year. The amount collected that is less
27 than the assessed amount must be added to the amount to be collected as a premium surcharge in the
28 following year.

1 (8) By July 1, an insurer under compensation plan No. 2 that paid benefits in the preceding
 2 calendar year but that will not collect any premium for coverage in the following fiscal year shall pay an
 3 assessment of up to 4% of paid losses paid in the preceding calendar year. The department shall determine
 4 and notify the insurer by April 30 of each year of the amount that is due by July 1.

5 (9) An employer that makes a first-time application for permission to enroll under compensation
 6 plan No. 1 shall pay an assessment of \$500 within 15 days of being granted permission by the department to
 7 enroll under compensation plan No. 1.

8 (10) The department shall deposit all funds received pursuant to this section in the state treasury, as
 9 provided in this section.

10 (11) The administration fund must be debited with expenses incurred by the department in the
 11 general administration of the provisions of this chapter, including the salaries of its members, officers, and
 12 employees and the travel expenses of the members, officers, and employees, as provided for in 2-18-501
 13 through 2-18-503, incurred while on the business of the department either within or without the state.
 14 Reimbursement of premiums required under 39-71-319 by the workers' compensation administration fund also
 15 is a debit on the fund.

16 (12) Disbursements from the administration fund must be made after being approved by the
 17 department upon claim for disbursement.

18 (13) The department shall transfer funds to the workers' compensation court fund as provided by
 19 [section 3].

20 ~~(13)~~(14)The department may assess and collect the workers' compensation regulatory assessment
 21 surcharge from uninsured employers, as defined in 39-71-501, that fail to properly comply with the coverage
 22 requirements of the Workers' Compensation Act. Any amounts collected by the department pursuant to this
 23 subsection must be deposited in the workers' compensation administration fund."
 24

28 office of workers' compensation judge. The supreme court is substituted for the department of labor and
