13

14 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

15

16 **Section 1.** Section 20-7-1801, MCA, is amended to read:

17 **"20-7-1801. Findings -- purpose -- legislative intent.** (1) The legislature finds that the ability to read
18 and do mathematics at or above grade level is essential for educational success. The legislature also finds that
19 too many Montana children are not ~~reading~~-proficient in reading or math at the end of 3rd grade.

20 (2) The purposes of this bill are to:

21 (a) provide parents with voluntary early scholastic literacy interventions for their children;

22 (b) increase the number of children who are ~~reading~~-proficient in reading and math at the end of
23 3rd grade and in so doing help those children develop their full educational potential pursuant to Article X,
24 section 1(1), of the Montana constitution; and

25 (c) foster a strong economic return for the state on early scholastic literacy investment through
26 enhancing Montana's skilled workforce and decreasing future reliance on social programs and the criminal
27 justice system.

28 (3) The legislature intends that the board of public education, the office of public instruction, and

1 the boards of trustees of school districts collaborate to implement this part and achieve the purposes under
2 subsection (2).

3 (4) The legislature further intends that the board of public education, the office of public instruction,
4 and the boards of trustees of school districts collaborate on an ongoing basis to gather, analyze, and make
5 available outcome data and continually refine the interventions to increase the efficacy and efficiency of each
6 intervention."

7

8 **Section 2.** Section 20-7-1802, MCA, is amended to read:

9 **"20-7-1802. Definitions.** As used in this part, unless the context clearly indicates otherwise, the
10 following definitions apply:

11 (1) "Early scholastic literacy targeted intervention" or "intervention" means, as further described in
12 20-7-1803, any of the following:

15 (c) a jumpstart program.

16 (2) "Eligible child" means a child who is determined through the selected evaluation methodology
17 ~~selected by the board of public education pursuant to 20-7-1803~~ to be below a trajectory leading to reading
18 proficiency or math proficiency at the end of 3rd grade.

19 (3) "Evaluation methodology" means a research-based methodology, instrument, or assessment
20 selected by the board of public education pursuant to 20-7-1803 to determine, based on a child's age or grade
21 level, whether the child is above, at, or below a developmental trajectory leading to reading proficiency or math
22 proficiency on completion of 3rd grade.

23 (4) "On-target child" means a child who is determined through the selected evaluation
24 methodology to be at or above a trajectory leading to reading proficiency or math proficiency at the end of 3rd
25 grade.

27 and developmental domains necessary to prepare a child to be successful in the child's primary, secondary,

6 may provide eligible children with ~~any one or more~~ of the interventions described in this section. This part may
7 not be construed to limit the duty or authority of trustees to provide educational opportunities described
8 elsewhere in this title.

9 (2) The board of public education shall ~~determine an~~ select at least one evaluation methodology to
10 determine, based on a child's age or grade level, whether the child is above, at, or below a developmental
11 trajectory leading to reading or math proficiency on completion of 3rd grade. The evaluation must be:

12 (a) developmentally appropriate;

13 (b) research-based;

14 (c) cost-effective; and

15 (d) if possible, aligned with formative assessments that inform instruction in the classroom-based

22 than 5 months prior to enrolling or upon enrollment of a child who will be 4 years of age or older on or before
23 the following September 10 and who has not yet entered 3rd grade at the time the evaluation methodology is
24 administered. A child who is evaluated to be below trajectory for 3rd-grade reading proficiency or 3rd-grade
25 math proficiency for the child's age or grade level is an eligible child for the subsequent school year.

26 (5) (a) For an eligible child who is 4 years of age or older on or before September 10 of the year in
27 which the child is to participate in the program and who is not entering and who has not completed
28 kindergarten, the trustees may offer a classroom-based program, which may be a half-time or full-time program.

1 A full-time program must allow a parent or guardian to enroll the child half-time.

2 (b) The classroom-based program must align with developmentally appropriate early education
3 learning standards as determined by the board of public education. The standards must include a requirement
4 for ongoing evaluation of student progress used to tailor instruction to specific student needs.

5 (6) (a) For an eligible child who is 4 years of age or older on or before September 10 of the year in
6 which the child is to participate in the program and who has not yet completed 2nd grade, the trustees may
7 offer a home-based program.

8 (b) The home-based program must be selected by the board of public education and must:

9 (i) be operated by a nonprofit entity;

11 populations at risk of not being ~~reading~~-proficient in reading or math at the end of 3rd grade;

12 (iii) foster parental engagement; and

13 (iv) have a cost of no more than \$1,000 a year for each child.

14 (c) The superintendent of public instruction shall provide school districts with access to and
15 technical support for the home-based early scholastic literacy program.

16 (7) (a) For an eligible child who is 5 years of age or older on or before September 10 of the year in

18 a jumpstart program.

19 (b) The jumpstart program must:

20 (i) take place during the time between the end of one school calendar year and the start of the

22 2nd grade, or 3rd grade;

23 (ii) be at least 4 weeks in duration and provide at least 120 instructional hours;

24 (iii) be aligned to a framework determined by the board of public education;

25 (iv) be designed in a manner to increase the likelihood of a child being evaluated at the end of the
26 ensuing school year to be at or above a trajectory leading to reading proficiency or math proficiency at the end
27 of 3rd grade."

28

1 **Section 4.** Section 20-7-1804, MCA, is amended to read:

5 (2) The superintendent of public instruction shall pay for the costs for an eligible child participating
6 in a home-based program pursuant to 20-7-1803(6) from funds appropriated for this purpose. The cost for each
7 child may not exceed \$1,000 a year. If the annual appropriation for this program is not sufficient to fully fund all
8 eligible children participating in the home-based program, the superintendent shall limit participation on a first-
9 come, first-served basis.

10 (3) An eligible child participating in a jumpstart program pursuant to 20-7-1803(7) must be counted

14 of ~~the each~~ program no later than July 15. The superintendent shall collaborate with trustees in maximizing the
15 efficiency of fulfilling this reporting requirement. The report must include anonymized information on student
16 progress, including the student's performance on:

- 17 (a) the evaluation methodology that led to eligibility for the program;
18 (b) any formative assessments administered;
19 (c) if administered, the evaluation methodology at the end of the school year in which intervention
20 was provided; and
21 (d) any statewide reading assessments administered in grades 4 through 6.

22 (5) Pursuant to 20-7-104, the superintendent of public instruction shall monitor early scholastic

- 28 (a) the number of participating and nonparticipating children and districts;

1 (b) longitudinal data displaying the proficiency level of participating and nonparticipating children at
2 each grade level following participation in an intervention;

3 (c) at a time when the data is available, long-term outcome data for participants and
4 nonparticipants, including but not limited to:

5 (i) assessment data in 8th grade and high school;

6 (ii) high school graduation rates; and

7 (iii) postsecondary participation rates; and

11 (ii) improved the percentage of students scoring at proficient or above by 10 or more percentage
12 points."

14 **NEW SECTION. Section 5. Early scholastic literacy targeted intervention -- optional enrollment**

15 **-- on-target students.** (1) To encourage school districts to foster inclusive learning environments with
16 heterogenous populations of early learners and based on research and evidence-based practices which
17 demonstrate that having students with a wide range of skills benefits all students enrolled in an early scholastic
18 literacy targeted intervention program, a school district that provides a classroom program pursuant to 20-7-
19 1083(5), or a jumpstart program pursuant to 20-7-1803(7), may opt in to enrolling on-target children into the
20 targeted intervention program. A district is not required to enroll an on-target child in a classroom or jumpstart
21 program under this section.

22 (2) A district that opts in to enrolling on-target children into the classroom or jumpstart targeted
