5 (3) Funding for the projects in subsection (2) is provided in the order of priority as long as there are
6 sufficient funds available from the amount that was deposited in the historic preservation grant program account
7 during the biennium beginning July 1, 2025. The funds in this subsection (3) must be awarded for the projects
8 and in amounts not to exceed the amounts set out in subsection (2) subject to the conditions set forth in
9 [section 3]. However, any of the projects listed in subsection (2) that do not complete the conditions described
10 in [section 3(1)] by September 1, 2026, must be reviewed by the next regular legislature to determine if the
11 authorized grant should be withdrawn.

12 (4) If sufficient funds are available, this section constitutes a valid obligation of funds to the grant
13 projects listed in subsection (2) for the purposes of encumbering the funds in the historic preservation grant
14 program account established in 22-3-1307 for the biennium beginning July 1, 2025, pursuant to 17-7-302. A
15 grant recipient's entitlement to receive funds is dependent on the grant recipient's compliance with the
16 conditions described in [section 3] and on the availability of funds.

17 (5) The legislature, pursuant to 22-3-1305, authorizes the grants for the projects specified in
18 subsection (2).

19 (6) (a) Except as provided in subsection (6)(b), a grant recipient shall enter into a definitive, binding
20 contract with a qualified contractor to construct the project prior to September 30 of the even-numbered year
21 preceding the next regularly scheduled legislative session. If the grant recipient fails to meet the deadline, any
22 obligation to the grant recipient ceases, and the funds revert to the historic preservation grant program account
23 established in 22-3-1307 for use in the next biennium.

24 (b) A grant recipient who fails to meet the contract deadline for either of the following reasons may
25 request one 2-year extension, during which the project must be placed under contract or any obligation to the
26 grant ceases:

- 27 (i) the project is damaged by fire or another form of casualty; or
28 (ii) the grant recipient fails to find a qualified contractor to construct the project and diligently

pursued all reasonable avenues to find a qualified contractor.

(7) Grant recipients shall complete all of the conditions described in [section 3(1)] by September 30, 2026, or any obligation to the grant recipient ceases.

NEW SECTION. Section 2. Approval of grants -- completion of biennial appropriation. (1) The legislature, pursuant to 22-3-1305, authorizes grants for the projects specified in [section 1(2)].

(2) The authorization of these grants completes a biennial appropriation from the historic preservation grant program account established in 22-3-1307.

(3) Grants to entities from prior biennia are reauthorized for the completion of contract work.

NEW SECTION. Section 3. Condition of grants -- disbursement of funds. (1) The disbursement of grant funds for the projects specified in [section 1(2)] is subject to the completion of the following conditions:

(a) The grant recipient shall document that other matching funds required for the completion of the project are firmly committed.

(b) The grant recipient must have a project management plan that is approved by the department of commerce.

(c) The grant recipient must be in compliance with the auditing and reporting requirements provided for in 2-7-503 and establish a financial accounting system that the department can reasonably ensure conforms to generally accepted accounting principles. Tribal governments shall comply with the auditing and reporting requirements provided for in 2 CFR 200.

(d) The grant recipient shall satisfactorily comply with any conditions described in the application or project summaries section of the Montana historic preservation grant program 2025 biennium report to the 69th legislature.

(e) The grant recipient shall satisfy other specific requirements considered necessary by the department of commerce to accomplish the purpose of the project as evidenced by the application to the department.

(f) The grant recipient shall execute a grant agreement with the department of commerce.

(2) Recipients of Montana historic preservation grant program funds are subject to the

requirements of the department of commerce as described in the most recent edition of the Montana Historic Preservation Grant Program Project Administration Manual adopted by the department through the administrative rulemaking process.

NEW SECTION. Section 4. Supplemental appropriations. In the event that the total cost of a project exceeds the amount of the grant and matching funds, the grant recipient is fully responsible for funding the cost overrun. A supplemental appropriation may not be granted to complete the project.

NEW SECTION. Section 5. Other powers and duties of department of commerce. (1) The department of commerce shall disburse grant funds on a reimbursement basis as grant recipients incur eligible project expenses.

(2) If actual project expenses are lower than the projected expense of the project, the department may, at its discretion, reduce the amount of grant funds provided to grant recipients in proportion to all other project funding sources.

SECTION 6. SECTION 4(1), CHAPTER 710, LAWS OF 2023, IS AMENDED TO READ:

(1) The portion of section 4(1), Chapter 710, Laws of 2023, appropriating money from the historic preservation grant program account to the department of commerce for the indicated project is amended to read:
