"20-9-326. Annual inflation-related adjustments to basic entitlements and per-ANB entitlements
-- reporting. (1) In preparing and submitting an agency budget pursuant to 17-7-111 and 17-7-112, the

in 20-9-306, and the general fund payments in 20-9-327 through 20-9-330 in each fiscal year of the ensuing
biennium. The inflation factor is calculated as follows:

(a) for the first year of the biennium, divide the consumer price index for July 1 of the prior calendar
year by the consumer price index for July 1 of the calendar year 3 years prior to the prior calendar year and
raise the resulting ratio to the power of one-third; and

(b) for the second year of the biennium, divide the consumer price index for July 1 of the current
calendar year by the consumer price index for July 1 of the calendar year 3 years prior to the current calendar
year and raise the resulting ratio to the power of one-third.

(2) (a) The present law base for the entitlements referenced in subsection (1) of this section, calculated under Title 17, chapter 7, part 1, must consist of any enrollment increases or decreases plus the inflation factor calculated pursuant to this section, not to exceed 3% in each year, applied to both years of the biennium ~~plus, in the second year of the applicable bienniums AND CONTINGENT ON MOTION OF THE TWO INTERIM COMMITTEES LISTED IN SUBSECTION (3) OF THIS SECTION, the inflation reconciliation factor AMOUNT calculated under subsection (3) of this section THAT MAY BE INCLUDED IN THE PRESENT LAW BASE.~~

(b) This subsection (2) does not limit the superintendent or the governor from recommending, or limit the legislature from adopting, inflationary adjustments other than those calculated in this section.

(3) Beginning in fiscal year 2026 and then every ~~fourth~~ EVEN-NUMBERED fiscal year thereafter, the superintendent of public instruction shall provide a report no later than September 1 to the education interim budget committee and the education interim committee ~~AND NO LATER THAN DECEMBER 31 TO THE LEGISLATIVE FINANCE COMMITTEE~~, in accordance with 5-11-210, regarding the educational relevance in the implementation of this section. (b) the percentage change from July of the preceding year to July of the applicable year in the consumer price index for the current year and the preceding 5 years, with the six percentages rounded to the nearest one hundredth; and

(c) a cumulative numerical comparison of the difference between the percentages reported in subsections (3)(a) and (3)(b), rounded to the nearest one hundredth. ~~If the sum of the percentages reported in subsection (3)(a) is less than the sum of the percentages reported in subsection (3)(b), the difference is the inflation reconciliation factor that must MAY be incorporated in the next calculation of present law base for the entitlements measured in subsection (3)(a) for the second year of the biennium to which the present law applies IF INCLUSION OF THE AMOUNT IN THE PRESENT LAW BASE IS ADOPTED BY MOTION OF BOTH INTERIM COMMITTEES PRESENTED WITH THE CALCULATION THROUGH THE PROCESS OUTLINED IN SUBSECTION (2).~~
