25 **SECTION 5. SECTION 15-7-102, MCA, IS AMENDED TO READ:**

26 **"15-7-102. Notice of classification, market value, and taxable value to owners -- appeals. (1) (a)**

27 Except as provided in 15-7-138, the department shall mail or provide electronically to each owner or purchaser
28 under contract for deed a notice that includes the land classification, market value, and taxable value of the

1 land and improvements owned or being purchased. A notice must be mailed or, with property owner consent,
2 provided electronically to the owner only if one or more of the following changes pertaining to the land or
3 improvements have been made since the last notice:

- 4 (i) change in ownership;
- 5 (ii) change in classification;
- 6 (iii) change in valuation; or
- 7 (iv) addition or subtraction of personal property affixed to the land.

8 (b) The notice must include the following for the taxpayer's informational and informal classification
9 and appraisal review purposes:

10 (i) a notice of the availability of all the property tax assistance programs available to property
11 taxpayers, including the state property tax assistance provided for in [section 32], the intangible land value
12 assistance program provided for in 15-6-240, the property tax assistance programs provided for in Title 15,
13 chapter 6, part 3, and the residential property tax credit for the elderly provided for in 15-30-2337 through 15-
14 30-2341;

15 (ii) the total amount of mills levied against the property in the prior year;

16 (iii) the market value for the prior reappraisal cycle;

17 (iv) if the market value has increased by more than 10%, an explanation for the increase in
18 valuation;

19 (v) a statement that the notice is not a tax bill; and

20 (vi) a taxpayer option to request an informal classification and appraisal review by checking a box
21 on the notice and returning it to the department.

22 (c) When the department uses an appraisal method that values land and improvements as a unit,
23 including the sales comparison approach for residential condominiums or the income approach for commercial
24 property, the notice must contain a combined appraised value of land and improvements.

25 (d) Any misinformation provided in the information required by subsection (1)(b) does not affect the
26 validity of the notice and may not be used as a basis for a challenge of the legality of the notice.

27 (2) (a) Except as provided in subsection (2)(c), the department shall assign each classification and
28 appraisal to the correct owner or purchaser under contract for deed and mail or provide electronically the notice

1 in written or electronic form, adopted by the department, containing sufficient information in a comprehensible
2 manner designed to fully inform the taxpayer as to the classification and appraisal of the property and of
3 changes over the prior tax year.

4 (b) The notice must advise the taxpayer that in order to be eligible for a refund of taxes from an
5 appeal of the classification or appraisal, the taxpayer is required to pay the taxes under protest as provided in
6 15-1-402.

7 (c) The department is not required to mail or provide electronically the notice to a new owner or
8 purchaser under contract for deed unless the department has received the realty transfer certificate from the
9 clerk and recorder as provided in 15-7-304 and has processed the certificate before the notices required by
10 subsection (2)(a) are mailed or provided electronically. The department shall notify the county tax appeal board
11 of the date of the mailing or the date when the taxpayer is informed the information is available electronically.

12 (3) (a) If the owner of any land and improvements is dissatisfied with the appraisal as it reflects the
13 market value of the property as determined by the department or with the classification of the land or
14 improvements, the owner may request an informal classification and appraisal review by submitting an
15 objection on written or electronic forms provided by the department for that purpose or by checking a box on the
16 notice and returning it to the department in a manner prescribed by the department.

17 (i) For property other than class three property described in 15-6-133, class four property
18 described in 15-6-134, class ten property described in 15-6-143, and centrally assessed property described in
19 15-23-101, the objection must be submitted within 30 days from the date on the notice.

20 (ii) For class three property described in 15-6-133, class four property described in 15-6-134, and
21 class ten property described in 15-6-143, the objection may be made only once each valuation cycle. An
22 objection must be made in writing or by checking a box on the notice within 30 days from the date on the
23 classification and appraisal notice for a reduction in the appraised value to be considered for both years of the
24 2-year valuation cycle. An objection made more than 30 days from the date of the classification and appraisal
25 notice will be applicable only for the second year of the 2-year valuation cycle. For an objection to apply to the
26 second year of the valuation cycle, the taxpayer shall make the objection in writing or by checking a box on the
27 notice no later than June 1 of the second year of the valuation cycle or, if a classification and appraisal notice is
28 received in the second year of the valuation cycle, within 30 days from the date on the notice.

1 (iii) For centrally assessed property described in 15-23-101(2)(a), the objection must be submitted
2 within 20 days from the date on the notice. A taxpayer may submit an objection up to 10 days after this deadline
3 on request to the department.

4 (iv) (A) For centrally assessed property described in 15-23-101(2)(b) and (2)(c), an objection to the
5 valuation or classification may be made only once each valuation cycle. An objection must be made in writing
6 within the time period specified in subsection (3)(a)(iii) for a reduction in the appraised value to be considered
7 for both years of the 2-year valuation cycle. An objection made after the deadline specified in subsection
8 (3)(a)(iii) will be applicable only for the second year of the 2-year valuation cycle. For an objection to apply to
9 the second year of the valuation cycle, the taxpayer shall make the objection in writing no later than June 1 of
10 the second year of the valuation cycle or, if a classification and appraisal notice is received in the second year
11 of the valuation cycle, within the time period specified in subsection (3)(a)(iii).

12 (B) If a property owner has exhausted the right to object to a valuation, as provided for in
13 subsection (3)(a)(iv)(A), the property owner may ask the department to consider extenuating circumstances to
14 adjust the value of property described in 15-23-101(2)(b) or (2)(c). Occurrences that may result in an
15 adjustment to the value include but are not limited to extraordinary, unusual, or infrequent events that are
16 material in nature and of a character different from the typical or customary business operations, that are not
17 expected to recur frequently, and that are not normally considered in the evaluation of the operating results of a
18 business, including bankruptcies, acquisitions, sales of assets, or mergers.

19 (b) If the objection relates to residential or commercial property and the objector agrees to the
20 confidentiality requirements, the department shall provide to the objector, by posted mail or electronically, within
21 8 weeks of submission of the objection, the following information:

22 (i) the methodology and sources of data used by the department in the valuation of the property;
23 and

24 (ii) if the department uses a blend of evaluations developed from various sources, the reasons that
25 the methodology was used.

26 (c) At the request of the objector or a representative of the objector, and only if the objector or
27 representative signs a written or electronic confidentiality agreement, the department shall provide in written or
28 electronic form:

- 1 (i) comparable sales data used by the department to value the property;
- 2 (ii) sales data used by the department to value residential property in the property taxpayer's
3 market model area; and
- 4 (iii) if the cost approach was used by the department to value residential property, the
5 documentation required in 15-8-111(3) regarding why the comparable sales approach was not reliable.
- 6 (d) For properties valued using the income approach as one approximation of market value, notice
7 must be provided that the taxpayer will be given a form to acknowledge confidentiality requirements for the
8 receipt of all aggregate model output that the department used in the valuation model for the property.
- 9 (e) The review must be conducted informally and is not subject to the contested case procedures
10 of the Montana Administrative Procedure Act. As a part of the review, the department may consider the actual
11 selling price of the property and other relevant information presented by the taxpayer in support of the
12 taxpayer's opinion as to the market value of the property. The department shall consider an independent
13 appraisal provided by the taxpayer if the appraisal meets standards set by the Montana board of real estate
14 appraisers and the appraisal was completed within 6 months of the valuation date pursuant to 15-8-201. If the
15 department does not use the appraisal provided by the taxpayer in conducting the appeal, the department shall
16 provide to the taxpayer the reason for not using the appraisal. The department shall give reasonable notice to
17 the taxpayer of the time and place of the review.
- 18 (f) After the review, the department shall determine the correct appraisal and classification of the
19 land or improvements and notify the taxpayer of its determination by mail or electronically. The department may
20 not determine an appraised value that is higher than the value that was the subject of the objection unless the
21 reason for an increase was the result of a physical change in the property or caused by an error in the
22 description of the property or data available for the property that is kept by the department and used for
23 calculating the appraised value. In the notification, the department shall state its reasons for revising the
24 classification or appraisal. When the proper appraisal and classification have been determined, the land must
25 be classified and the improvements appraised in the manner ordered by the department.
- 26 (4) Whether a review as provided in subsection (3) is held or not, the department may not adjust
27 an appraisal or classification upon the taxpayer's objection unless:
- 28 (a) the taxpayer has submitted an objection on written or electronic forms provided by the

1 department or by checking a box on the notice; and

2 (b) the department has provided to the objector by mail or electronically its stated reason in writing
3 for making the adjustment.

4 (5) A taxpayer's written objection or objection made by checking a box on the notice and
5 supplemental information provided by a taxpayer that elects to check a box on the notice to a classification or
6 appraisal and the department's notification to the taxpayer of its determination and the reason for that
7 determination are public records. The department shall make the records available for inspection during regular
8 office hours.

9 (6) Except as provided in 15-2-302 and 15-23-102, if a property owner feels aggrieved by the
10 classification or appraisal made by the department after the review provided for in subsection (3), the property
11 owner has the right to first appeal to the county tax appeal board and then to the Montana tax appeal board,
12 whose findings are final subject to the right of review in the courts. The appeal to the county tax appeal board,
13 pursuant to 15-15-102, must be filed within 30 days from the date on the notice of the department's
14 determination. A county tax appeal board or the Montana tax appeal board may consider the actual selling price
15 of the property, independent appraisals of the property, negative property features that differentiate the subject
16 property from the department's comparable sales, and other relevant information presented by the taxpayer as
17 evidence of the market value of the property. If the county tax appeal board or the Montana tax appeal board
18 determines that an adjustment should be made, the department shall adjust the base value of the property in
19 accordance with the board's order."

21 **SECTION 6.** SECTION 15-10-420, MCA, IS AMENDED TO READ:

22 **"15-10-420. Procedure for calculating levy.** (1) (a) Subject to the provisions of this section, a
23 governmental entity that is authorized to impose mills may impose a mill levy sufficient to generate the amount
24 of property taxes actually assessed in the prior year plus one-half of the average rate of inflation for the prior 3
25 years. The maximum number of mills that a governmental entity may impose is established by calculating the
26 number of mills required to generate the amount of property tax actually assessed in the governmental unit in
27 the prior year based on the current year taxable value, less the current year's newly taxable value, plus one-half
28 of the average rate of inflation for the prior 3 years.

1 (b) A governmental entity that does not impose the maximum number of mills authorized under
2 subsection (1)(a) may carry forward the authority to impose the number of mills equal to the difference between
3 the actual number of mills imposed and the maximum number of mills authorized to be imposed. The mill
4 authority carried forward may be imposed in a subsequent tax year.

5 (c) For the purposes of subsection (1)(a), the department shall calculate one-half of the average
6 rate of inflation for the prior 3 years by using the consumer price index, U.S. city average, all urban consumers,
7 using the 1982-84 base of 100, as published by the bureau of labor statistics of the United States department of
8 labor.

9 (2) A governmental entity may apply the levy calculated pursuant to subsection (1)(a) plus any
10 additional levies authorized by the voters, as provided in 15-10-425, to all property in the governmental unit,
11 including newly taxable property.

12 (3) (a) For purposes of this section, newly taxable property includes:

13 (i) annexation of real property and improvements into a taxing unit;

14 (ii) construction, expansion, or remodeling of improvements;

15 (iii) transfer of property into a taxing unit;

16 (iv) subdivision of real property; and

17 (v) transfer of property from tax-exempt to taxable status.

18 (b) Newly taxable property does not include an increase in value that arises because of an
19 increase in the incremental value within a tax increment financing district.

20 (4) (a) For the purposes of subsection (1), the taxable value of newly taxable property includes the
21 release of taxable value from the incremental taxable value of a tax increment financing district because of:

22 (i) a change in the boundary of a tax increment financing district;

23 (ii) an increase in the base value of the tax increment financing district pursuant to 7-15-4287; or

24 (iii) the termination of a tax increment financing district.

25 (b) If a tax increment financing district terminates prior to the certification of taxable values as
26 required in 15-10-202, the increment value is reported as newly taxable property in the year in which the tax
27 increment financing district terminates. If a tax increment financing district terminates after the certification of
28 taxable values as required in 15-10-202, the increment value is reported as newly taxable property in the

1 following tax year.

2 (c) For the purpose of subsection (3)(a)(ii), the value of newly taxable class four property that was
3 constructed, expanded, or remodeled property since the completion of the last reappraisal cycle is the current
4 year market value of that property less the previous year market value of that property.

5 (d) For the purpose of subsection (3)(a)(iv), the subdivision of real property includes the first sale
6 of real property that results in the property being taxable as class four property under 15-6-134 or as
7 nonqualified agricultural land as described in 15-6-133(1)(c).

8 (5) Subject to subsection (8), subsection (1)(a) does not apply to:

9 (a) school district levies established in Title 20; or

10 (b) a mill levy imposed for a newly created regional resource authority.

11 (6) For purposes of subsection (1)(a), taxes imposed do not include net or gross proceeds taxes
12 received under 15-6-131 and 15-6-132.

13 (7) In determining the maximum number of mills in subsection (1)(a), the governmental entity:

14 (a) may increase the number of mills to account for a decrease in reimbursements; ~~and~~

15 (b) may not increase the number of mills to account for a loss of tax base because of legislative
16 action that is reimbursed under the provisions of 15-1-121(7); and

17 (c) may not include revenue distributed to a county to provide state property tax assistance
18 pursuant to [section 32].

19 (8) The department shall calculate, on a statewide basis, the number of mills to be imposed for
20 purposes of 15-10-109, 20-9-331, 20-9-333, 20-9-360, and 20-25-439. However, the number of mills calculated
21 by the department may not exceed the mill levy limits established in those sections. The mill calculation must
22 be established in tenths of mills. If the mill levy calculation does not result in an even tenth of a mill, then the
23 calculation must be rounded up to the nearest tenth of a mill.

24 (9) (a) The provisions of subsection (1) do not prevent or restrict:

25 (i) a judgment levy under 2-9-316, 7-6-4015, or 7-7-2202;

26 (ii) a levy to repay taxes paid under protest as provided in 15-1-402;

27 (iii) an emergency levy authorized under 10-3-405, 20-9-168, or 20-15-326;

28 (iv) a levy for the support of a study commission under 7-3-184;

- 1 (v) a levy for the support of a newly established regional resource authority;
- 2 (vi) the portion that is the amount in excess of the base contribution of a governmental entity's
3 property tax levy for contributions for group benefits excluded under 2-9-212 or 2-18-703;
- 4 (vii) a levy for reimbursing a county for costs incurred in transferring property records to an
5 adjoining county under 7-2-2807 upon relocation of a county boundary;
- 6 (viii) a levy used to fund the sheriffs' retirement system under 19-7-404(3)(b); or
- 7 (ix) a governmental entity from levying mills for the support of an airport authority in existence prior
8 to May 7, 2019, regardless of the amount of the levy imposed for the support of the airport authority in the past.
9 The levy under this subsection (9)(a)(ix) is limited to the amount in the resolution creating the authority.
- 10 (b) A levy authorized under subsection (9)(a) may not be included in the amount of property taxes
11 actually assessed in a subsequent year.
- 12 (10) A governmental entity may levy mills for the support of airports as authorized in 67-10-402, 67-
13 11-301, or 67-11-302 even though the governmental entity has not imposed a levy for the airport or the airport
14 authority in either of the previous 2 years and the airport or airport authority has not been appropriated
15 operating funds by a county or municipality during that time.
- 16 (11) The department may adopt rules to implement this section. The rules may include a method for
17 calculating the percentage of change in valuation for purposes of determining the elimination of property, new
18 improvements, or newly taxable value in a governmental unit."

19
20 **SECTION 7. SECTION 15-15-101, MCA, IS AMENDED TO READ:**

21 **"15-15-101. County tax appeal board -- meetings and compensation.** (1) The board of county
22 commissioners of each county shall appoint a county tax appeal board, with a minimum of three members and
23 with the members to serve staggered terms of 3 years each. The members of each county tax appeal board
24 must be residents of the county in which they serve. A person may not be a member of a county tax appeal
25 board if the person was an employee of the department less than 36 months before the date of appointment.

26 (2) (a) The members receive compensation as provided in subsection (2)(b) and travel expenses,
27 as provided for in 2-18-501 through 2-18-503, only when the county tax appeal board meets to hear taxpayers'
28 appeals from property tax assessments or when they are attending meetings called by the Montana tax appeal

1 board. Travel expenses and compensation must be paid from the appropriation to the Montana tax appeal

26 Loans must be on terms and conditions determined by the board and must be repaid from revenue realized
27 from the exercise of the board's powers under 17-5-1501 through 17-5-1518 and 17-5-1521 through 17-5-1529,
28 subject to the prior pledge of the revenue to the bonds and notes.

1 (3) The board shall manage the seed capital and research and development loan portfolios
2 created by the former Montana board of science and technology development. The board shall establish an
3 appropriate repayment schedule for all outstanding research and development loans made to the university
4 system. The board is the successor in interest to all agreements, contracts, loans, notes, or other instruments
5 entered into by the Montana board of science and technology development as part of the seed capital and
6 research and development loan portfolios, except agreements, contracts, loans, notes, or other instruments
7 funded with coal tax permanent trust funds. The board shall administer the agreements, contracts, loans, notes,
8 or other instruments funded with coal tax permanent trust funds. As loans made by the former Montana board
9 of science and technology development are repaid, the board shall deposit the proceeds or loans made from
10 the coal severance tax trust fund in the coal severance tax permanent fund until all investments are paid back
11 with 7% interest.

12 (4) The board shall allow the Montana facility finance authority to administer \$15 million of the
13 permanent coal tax trust fund for capital projects. Until the authority makes a loan pursuant to the provisions of
14 Title 90, chapter 7, the funds under its administration must be invested by the board pursuant to the provisions
15 of 17-6-201. As loans for capital projects made pursuant to this subsection are repaid, the principal and interest
16 payments on the loans must be deposited in the coal severance tax permanent fund until all principal and
17 interest have been repaid. The board and the authority shall calculate the amount of the interest charge.
18 Individual loan amounts may not exceed 10% of the amount administered under this subsection.

19 ~~(5) — The board shall allow the board of housing to administer \$50 million of the permanent coal tax~~
20 ~~trust fund for the purposes of the Montana veterans' home loan mortgage program provided for in Title 90,~~
21 ~~chapter 6, part 6.~~

22 ~~(6) — The board shall allow the board of housing to administer \$65 million of the permanent coal tax~~
23 ~~trust fund for the purpose of providing loans for the development and preservation of homes and apartments to~~
24 ~~assist low-income and moderate-income persons with meeting their basic housing needs pursuant to 90-6-137.~~

25 (7)(5) (a) Subject to subsections ~~(7)(b) and (7)(c)~~ (5)(b) and (5)(c), the board may make working
26 capital loans from the permanent coal tax trust fund to an owner of a coal-fired generating unit.

27 (b) Loans may be provided in accordance with subsection ~~(7)(a)~~ (5)(a) to an owner to finance:

28 (i) the everyday operations and required maintenance of a coal-fired generating unit of which an

1 owner has a shared interest;

2 (ii) the purchase of an additional interest in a coal-fired generating unit of which an owner has a
3 shared interest;

4 (iii) the purchase of coal to use at a coal-fired generating unit or improvements necessary to utilize
5 coal from a different source at a coal-fired generating unit. When considering loan requests made under this
6 subsection ~~(7)(b)(iii)~~, (5)(b)(iii), the board shall give preference to requests that allow for utilization of coal
7 resources located in Montana or allow for improvements to utilize coal resources located in Montana that are
8 determined to be economically feasible.

9 (iv) the purchase of electric transmission lines and associated facilities of a design capacity of 500
10 kilovolts or more primarily used to transmit electricity generated by a coal-fired resource;

11 (v) costs related to decommissioning and remediation of a coal-fired generating unit or affected
12 property to meet applicable legal obligations as defined in 75-8-103; or

13 (vi) any combination of subsections ~~(7)(b)(i) through (7)(b)(v)~~, (5)(b)(i) through (5)(b)(v).

14 (c) The board may charge a working capital loan application fee of up to \$500.

15 ~~(8)(6)~~ The board may make loans from the permanent coal tax trust fund to a city, town, county, or
16 consolidated city-county government impacted by the closure of a coal-fired generating unit to secure and
17 maintain existing infrastructure.

18 ~~(9)(7)~~ The board shall adopt rules to allow a nonprofit corporation to apply for economic assistance.
19 The rules must recognize that different criteria may be needed for nonprofit corporations than for for-profit
20 corporations.

21 ~~(10)(8)~~ All repayments of proceeds pursuant to subsection (3) of investments made from the coal
22 severance tax trust fund must be deposited in the coal severance tax permanent fund. By August 1, 2025, all
23 loans administered by funds in the permanent coal tax trust fund must be instead administered by the funds in
24 the Montana growth and opportunity trust provided for in [section 1]."

26 **Section 21.** Section 17-6-317, MCA, is amended to read:

27 **"17-6-317. Participation by private financial institutions -- rulemaking.** (1) (a) The board may
28 jointly participate with private financial institutions in making loans to a business enterprise if the loan will:

- 1 (i) result in the creation of a business estimated to employ at least 10 people in Montana on a
2 permanent, full-time basis;
- 3 (ii) result in the expansion of a business estimated to employ at least an additional 10 people in
4 Montana on a permanent, full-time basis; or
- 5 (iii) prevent the elimination of the jobs of at least 10 Montana residents who are permanent, full-
6 time employees of the business.
- 7 (b) Loans under this section may be made only to:
- 8 (i) business enterprises that are producing or will produce value-added products or commodities;
9 or
- 10 (ii) owners of coal-fired generating units for the purposes established in ~~17-6-308 (7)~~ 17-6-308(5).
- 11 (c) A loan made pursuant to this section does not qualify for a job credit interest rate reduction
12 under 17-6-318.
- 13 (2) A loan made pursuant to this section may not exceed 1% of the coal severance tax permanent
14 fund and must comply with each of the following requirements:
- 15 (a) (i) The business enterprise seeking a loan must have a cash equity position equal to at least
16 25% of the total loan amount.
- 17 (ii) A participating private financial institution may not require the business to have an equity
18 position greater than 50% of the total loan amount.
- 19 (iii) If additional security or guarantees, exclusive of federal guarantees, are required to cover a
20 participating private financial institution, then the additional security or guarantees must be proportional to the
21 amount loaned by all participants, including the board of investments.
- 22 (b) The board shall provide 75% of the total loan amount.
- 23 (c) The term of the loan may not exceed 15 years.
- 24 (d) The board shall charge interest at the following annual rate:
- 25 (i) 2% for the first 5 years if 15 or more jobs are created or retained;
- 26 (ii) 4% for the first 5 years if 10 to 14 jobs are created or retained;
- 27 (iii) 6% for the second 5 years; and
- 28 (iv) the board's posted interest rate for the third 5 years, but not to exceed 10% a year.

1 (e) (i) The interest rates in subsections (2)(d)(i) and (2)(d)(ii) become effective when the board
2 receives certification that the required number of jobs has been created or as provided in subsection (2)(e)(ii). If
3 the board disburses loan proceeds prior to creation of the required jobs, the loan must bear interest at the
4 board's posted rate.

5 (ii) In establishing interest rates under subsections (2)(d)(i) and (2)(d)(ii) for preventing the
6 elimination of jobs, the board shall require the submission of financial data that allows the board to determine if
7 the loan and interest rate will in fact prevent the elimination of jobs.

8 (f) If a business entitled to the interest rate in subsection (2)(d)(i) or (2)(d)(ii) reduces the number
9 of required jobs, the board may apply a graduated scale to increase the interest rate, not to exceed the board's
10 posted rate.

11 (g) For purposes of calculating job creation or retention requirements, the board shall use the
12 state's average weekly wage, as defined in 39-71-116, multiplied by the number of jobs required. This
13 calculated number is the minimum aggregate salary threshold that is required to be eligible for a reduced
14 interest rate. If individual jobs created pay less than the state's average weekly wage, the borrower shall create
15 more jobs to meet the minimum aggregate salary threshold. If fewer jobs are created or retained than required
16 in subsection (2)(d)(i) or (2)(d)(ii) but aggregate salaries meet the minimum aggregate salary threshold, the
17 borrower is eligible for the reduced interest rate. A job paying less than the minimum wage, provided for in 39-
18 3-409, may not be included in the required number of jobs.

19 (h) (i) A participating private financial institution may charge interest in an amount equal to the
20 national prime interest rate, adjusted on January 1 of each year, but the interest rate may not be less than 6%
21 or greater than 12%.

22 (ii) At the borrower's discretion, the borrower may request the lead lender to change this prime
23 rate to an adjustable or fixed rate on terms acceptable to the borrower and lender.

24 (iii) A participating private financial institution, or lead private financial institution if more than one is
25 participating, may charge a 0.5% annual service fee.

26 (i) The business enterprise may not be charged a loan prepayment penalty.

27 (j) The loan agreement must contain provisions providing for pro rata lien priority and pro rata
28 liquidation provisions based on the loan percentage of the board and each participating private lender.

1 (3) If a portion of a loan made pursuant to this section is for construction, disbursement of that
2 portion of the loan must be made based on the percentage of completion to ensure that the construction portion
3 of the loan is advanced prior to completion of the project.

4 (4) A private financial institution shall participate in a loan made pursuant to this section to the
5 extent of 85% of its lending limit or 25% of the loan, whichever is less. However, the board's participation in the
6 loan must be 75% of the loan amount.

7 (5) (a) Except as provided in subsections (5)(b) and (5)(c), a business enterprise receiving a loan
8 under the provisions of this section may not pay bonuses or dividends to investors until the loan has been paid
9 off, except that incentives may be paid to employees for achieving performance standards or goals.

10 (b) A business enterprise for the production of ethanol to be used as provided in Title 15, chapter
11 70, part 5, may pay dividends to investors and bonuses to employees if the business enterprise is current on its
12 loan payments and has available funds equal to at least 15% of the outstanding principal balance of the loan.

13 (c) A public utility may pay dividends to investors and bonuses to employees if the public utility is
14 current on its loan payments and has available funds equal to at least 15% of the outstanding principal balance
15 of the loan.

16 (6) The board may adopt rules that it considers necessary to implement this section."
17

18 **Section 22.** Section 17-6-801, MCA, is amended to read:

19 "**17-6-801. Montana housing infrastructure revolving loan fund account.** ~~(1) There is a Montana~~
20 housing infrastructure revolving loan fund account ~~within the state special revenue fund type established in 17-~~
21 ~~2-102 in the Montana growth and opportunity trust~~ to the credit of the board of investments. ~~Money deposited in~~
22 ~~the account established in this section must be invested by the board of investments as provided by law.~~

23 ~~(2) — The principal of the account may only be appropriated by a vote of two-thirds of the members~~
24 ~~of each house of the legislature."~~

25
26 **Section 23.** Section 17-7-130, MCA, is amended to read:

27 "**17-7-130. Budget stabilization reserve fund -- rules for deposits and transfers -- purpose.** (1)

28 There is an account in the state special revenue fund established by 17-2-102 known as the budget

1 stabilization reserve fund.

2 (2) The purpose of the budget stabilization reserve fund is to mitigate budget reductions when
3 there is a revenue shortfall.

4 (3) Except as provided in subsection (4), by August 15 following the end of each fiscal year, an
5 amount equal to the balance of unexpended and unencumbered general fund money appropriated in excess of
6 0.5% of the total general fund money appropriated for that fiscal year must be transferred by the state treasurer
7 from the general fund to the budget stabilization reserve fund. General fund appropriations that continue from a
8 fiscal year to the next fiscal year and any general fund appropriations made pursuant to 10-3-310 or 10-3-312
9 are excluded from the calculation.

10 (4) The provisions of subsection (3) do not apply in a fiscal year in which reductions required by
11 17-7-140 occur or if a transfer pursuant to subsection (3) would require reductions pursuant to 17-7-140.

12 (5) If the transfer provided for in subsection (3) increases the balance in the budget stabilization
13 reserve fund to exceed 16% of all general revenue appropriations in the second year of the biennium, the
14 amount in excess is transferred to the capital developments long-range building program account established in
15 17-7-209.

16 (6) By August 1 of each year, the department of administration shall certify to the legislative fiscal
17 analyst and the budget director the following:

18 (a) the unaudited, unassigned ending fund balance of the general fund for the most recently
19 completed fiscal year; and

20 (b) the amount of unaudited general fund revenue and transfers into the general fund received in
21 the prior fiscal year recorded when that fiscal year's statewide accounting, budgeting, and human resource
22 system records are closed. General fund revenue and transfers into the general fund are those recorded in the
23 statewide accounting, budgeting, and human resource system using generally accepted accounting principles
24 in accordance with 17-1-102.

25 (7) (a) The state treasurer shall calculate the operating reserve level of general fund balance
26 defined in 17-7-102(12). The treasurer shall first apply the excess revenue to reach the operating reserve level
27 general fund balance, if necessary.

28 (b) Once the general fund balance is at the reserve level, 75% of the remaining excess revenue is

1 transferred as follows:

2 (i) to the budget stabilization reserve fund, until the amount in the fund is equal to 16% of all
3 general revenue appropriations in the second year of the biennium; then

4 (ii) to the account established in 17-7-209, until the amount in the fund in excess of the amount
5 needed for appropriations from the capital developments long-range building program account in the capital
6 projects fund type is equal to 12% of all general revenue appropriations in the second year of the biennium.

7 (c) After the transfers in subsections (7)(b)(i) and (7)(b)(ii) have been made, if the balance of the
8 budget stabilization reserve fund exceeds an amount equal to 16% of the general revenue appropriations in the
9 second year of the biennium and the balance of the account established in 17-7-209 in excess of the amount
10 needed for appropriations from the capital developments long-range building program account in the capital
11 projects fund type exceeds 12% of all general revenue appropriations in the second year of the biennium, then:

12 (i) 75% of any funds in excess of that amount must be transferred to the ~~account established in~~
13 ~~17-7-134~~ Montana growth and opportunity trust established in [section 1]; and

14 (ii) 25% of the funds in excess of that amount remain in the general fund.

15 (8) For the purposes of this section, the following definitions apply:

16 (a) "Adjusted compound annual growth rate revenue" means general fund revenue for the fiscal
17 year prior to the most recently completed fiscal year plus the growth amount.

18 (b) "Excess revenue" means the amount of general fund revenue, including transfers in, for the
19 most recently completed fiscal year minus adjusted compound annual growth rate revenue.

20 (c) "Growth amount" means general fund revenue for the fiscal year prior to the most recently
21 completed fiscal year multiplied by the growth rate.

22 (d) "Growth rate" means the annual compound growth rate of general fund revenue realized over
23 the period 12 years prior to the most recently completed fiscal year, including the most recently completed fiscal
24 year."

25

26 **Section 24.** Section 17-7-133, MCA, is amended to read:

27 **"17-7-133. (Temporary) Montana local disaster resiliency fund.** (1) ~~There is statutorily~~

28 ~~appropriated pursuant to 17-7-502 \$4 million per year beginning in the fiscal year beginning July 1, 2023, from~~

1 ~~the general fund.~~ There is a Montana local disaster resiliency fund in the state special revenue fund in the state
2 treasury to the credit of the department of military affairs.

3 (2) Eligible uses of the money are:

4 (a) state and local mitigation projects that reduce or eliminate long-term risk to people and property
5 from future disasters;

6 (b) the nonfederal cost share for personnel performing mitigation program management; and

7 (c) matching funds for grants for the purchase of hazardous material equipment and training to
8 increase local capacity to respond to incidents as defined in 10-3-1203 involving hazardous material.

9 (3) ~~—The appropriation is void in any year that there is a projected general fund budget deficit~~
10 ~~pursuant to 17-7-140. (Terminates June 30, 2027—sec. 24, Ch. 722, L. 2023.)"~~
11

12 **Section 25.** Section 17-7-140, MCA, is amended to read:

13 **"17-7-140. Reduction in spending.** (1) (a) As the chief budget officer of the state, the governor shall
14 ensure that the expenditure of appropriations does not exceed available revenue. Except as provided in
15 subsection (2), in the event of a projected general fund budget deficit, the governor, taking into account the
16 criteria provided in subsection (1)(c), shall direct agencies to reduce spending in an amount that ensures that
17 the projected ending general fund balance for the biennium will be at least:

18 (i) 4% of the general revenue appropriations for the second fiscal year of the biennium prior to
19 October of the year preceding a legislative session;

20 (ii) 3% of the general revenue appropriations for the second fiscal year of the biennium in October
21 of the year preceding a legislative session;

22 (iii) 2% of the general revenue appropriations for the second fiscal year of the biennium in January
23 of the year in which a legislative session is convened; and

24 (iv) 1% of the general revenue appropriations for the second fiscal year of the biennium in March of
25 the year in which a legislative session is convened.

26 (b) An agency may not be required to reduce general fund spending for any program, as defined in
27 each general appropriations act, by more than 10% during a biennium. A governor may not reduce total agency
28 spending in the biennium by more than 4% of the second year general revenue appropriations for the agency.

1 Departments or agencies headed by elected officials or the board of regents may not be required to reduce
2 general fund spending by a percentage greater than the percentage of general fund spending reductions
3 required for the weighted average of all other executive branch agencies. The legislature may exempt from a
4 reduction an appropriation item within a program or may direct that the appropriation item may not be reduced
5 by more than 10%.

6 (c) The governor shall direct agencies to manage their budgets in order to reduce general fund
7 expenditures. Prior to directing agencies to reduce spending as provided in subsection (1)(a), the governor
8 shall direct each agency to analyze the nature of each program that receives a general fund appropriation to
9 determine whether the program is mandatory or permissive and to analyze the impact of the proposed
10 reduction in spending on the purpose of the program. An agency shall submit its analysis to the office of budget
11 and program planning and shall at the same time provide a copy of the analysis to the legislative fiscal analyst.
12 The report must be submitted in an electronic format. The office of budget and program planning shall review
13 each agency's analysis, and the budget director shall submit to the governor a copy of the office of budget and
14 program planning's recommendations for reductions in spending. The budget director shall provide a copy of
15 the recommendations to the legislative fiscal analyst at the time that the recommendations are submitted to the
16 governor and shall provide the legislative fiscal analyst with any proposed changes to the recommendations.
17 The recommendations must be provided in an electronic format. The recommendations must be provided to the
18 legislature in accordance with 5-11-210. The legislative finance committee shall meet within 20 days of the date
19 that the proposed changes to the recommendations for reductions in spending are provided to the legislative
20 fiscal analyst. The legislative fiscal analyst shall provide a copy of the legislative fiscal analyst's review of the
21 proposed reductions in spending to the budget director at least 5 days before the meeting of the legislative
22 finance committee. The committee may make recommendations concerning the proposed reductions in
23 spending. The governor shall consider each agency's analysis and the recommendations of the office of budget
24 and program planning and the legislative finance committee in determining the agency's reduction in spending.
25 Reductions in spending must be designed to have the least adverse impact on the provision of services
26 determined to be most integral to the discharge of the agency's statutory responsibilities.

27 (2) Reductions in spending for the following may not be directed by the governor:

28 (a) payment of interest and principal on state debt;

- 1 (b) the legislative branch;
- 2 (c) the judicial branch;
- 3 (d) the school BASE funding program, including special education;
- 4 (e) salaries of elected officials during their terms of office; and
- 5 (f) the Montana school for the deaf and blind.

6 (3) (a) As used in this section, "projected general fund budget deficit" means an amount, certified
7 by the budget director to the governor, by which the projected ending general fund balance for the biennium is
8 less than:

- 9 (i) 4% of the general revenue appropriations for the second fiscal year of the biennium prior to
10 October of the year preceding a legislative session;
 - 11 (ii) 1.875% in October of the year preceding a legislative session;
 - 12 (iii) 1.25% in January of the year in which a legislative session is convened; and
 - 13 (iv) 0.625% in March of the year in which a legislative session is convened.
- 14 (b) In determining the amount of the projected general fund budget deficit, the budget director shall
15 take into account revenue, established levels of appropriation, anticipated supplemental appropriations for
16 school equalization aid and the cost of the state's wildland fire suppression activities exceeding the amount
17 statutorily appropriated in 10-3-312, and anticipated reversions.

18 (4) If the budget director determines that an amount of actual or projected receipts will result in an
19 amount less than the amount projected to be received in the revenue estimate established pursuant to 5-5-227,
20 the budget director shall notify the revenue interim committee in accordance with 5-11-210 of the estimated
21 amount. Within 20 days of notification, the revenue interim committee shall provide the budget director with any
22 recommendations concerning the amount. The budget director shall consider any recommendations of the
23 revenue interim committee prior to certifying a projected general fund budget deficit to the governor.

24 (5) If the budget director certifies a projected general fund budget deficit, the governor may
25 authorize transfers to the general fund from certain accounts as set forth in subsection ~~(6)~~ (7).

26 ~~(6) If the budget director certifies a projected general fund budget DEFICIT, THEN the governor may~~
27 ~~reduce-CANCEL the transfer REMAINING TRANSFERS of volatile revenue to the Montana growth and opportunity~~
28 ~~trust established in [section 1] by up 40 % of the transfer amount FOR THE BIENNIUM.~~

1 ~~(6)~~(7) The governor may authorize transfers from the budget stabilization reserve fund provided for in
2 17-7-130. The governor may authorize \$3 of transfers from the fund for each \$1 of reductions in spending but
3 may not authorize a transfer that would cause the balance of the budget stabilization reserve fund to be less
4 than 6% of all general revenue appropriations in the second year of the biennium."
5

6 **Section 26.** Section 19-3-316, MCA, is amended to read:

7 **"19-3-316. Employer contribution rates.** (1) Each employer shall contribute to the system. Except
8 as provided in subsection (2), the employer shall pay as employer contributions 6.9% of the compensation paid
9 to all of the employer's employees plus any additional contribution under subsection (3), except for those
10 employees properly excluded from membership. Of employer contributions made under this subsection for both
11 defined benefit plan and defined contribution plan members, a portion must be allocated for educational
12 programs as provided in 19-3-112. Employer contributions for members under the defined contribution plan
13 must be allocated as provided in 19-3-2117.

14 (2) Local government and school district employer contributions must be the total employer
15 contribution rate provided in subsection (1) minus the state contribution rates under 19-3-319.

16 (3) (a) Subject to subsection (4), each employer shall contribute to the system an additional
17 employer contribution equal to the percentage specified in subsection (3)(b) of the compensation paid to all of
18 the employer's employees, except for those employees properly excluded from membership.

19 (b) ~~The percentage of compensation to be contributed under subsection (3)(a) is 1.27% for fiscal~~
20 ~~year 2014 and increases by 0.1% each fiscal year through fiscal year 2024. For fiscal years beginning after~~
21 ~~June 30, 2024~~ 2025, the percentage of compensation to be contributed under subsection (3)(a) is 2.27%. For
22 fiscal years beginning after June 30, 2027, there is a 0.2% increase each fiscal year through the fiscal year
23 ending June 30, 2037. For fiscal years beginning after June 30, 2037, the percentage of compensation to be
24 contributed under subsection (3)(a) is 4.27%.

25 (4) (a) The board shall annually review the additional employer contribution provided for under
26 subsection (3) and recommend adjustments to the legislature as needed to maintain the amortization schedule
27 set by the board for payment of the system's unfunded liabilities.

28 (b) The employer contribution required under subsection (3) terminates on January 1 following the

1 board's receipt of the system's actuarial valuation if the actuarial valuation determines that terminating the
2 additional employer contribution pursuant to this subsection (4)(b) and reducing the employee contribution
3 pursuant to 19-3-315(2) would not cause the amortization period to exceed 25 years."
4

5 **Section 27.** Section 19-20-609, MCA, is amended to read:

6 **"19-20-609. Employer's supplemental contribution -- actuarially determined adjustments.** (1) (a)

7 Subject to subsections (1)(b) through (1)(d), each employer shall contribute to the retirement system a
8 supplemental amount equal to the percentage specified in subsection (1)(b) of total earned compensation of
9 each member employed during the whole or part of the preceding payroll period.

10 (b) ~~The percentage of compensation to be contributed under subsection (1)(a) is 1% for fiscal year~~
11 ~~2014 and increases by 0.1% each fiscal year through fiscal year 2024. For fiscal years beginning after June 30,~~
12 ~~2024 July 1, 2025, through July 1, 2027, the percentage of compensation to be contributed under subsection~~
13 ~~(1)(a) is 2%. For fiscal years beginning after June 30, 2027, there is a 0.2% increase each fiscal year through~~
14 ~~the fiscal year ending June 30, 2037. For fiscal years beginning after June 30, 2037, the percentage of~~
15 ~~compensation to be contributed under subsection (1)(a) is 4%.~~

16 (c) The board may decrease the employer's supplemental contribution if:

17 (i) the average funded ratio of the system based on the last three actuarial valuations is equal to
18 or greater than 90%;

19 (ii) the period necessary to amortize all liabilities of the system based on the most recent annual
20 actuarial valuation is less than 15 years; and

21 (iii) the guaranteed annual benefit adjustment has been increased to the maximum allowed under
22 19-20-719.

23 (d) Following one or more decreases in the supplemental contribution rate pursuant to subsection
24 (1)(c), the board may increase the supplemental contribution to a rate not to exceed 1% if:

25 (i) the average funded ratio of the system based on the last three annual actuarial valuations is
26 equal to or less than 80%; and

27 (ii) the period necessary to amortize all liabilities of the system based on the most recent annual
28 actuarial valuation is greater than 20 years.

1 (2) After the board has actuarially determined the need to impose, increase, or decrease a
2 supplemental contribution rate under this section, the imposition, increase, or decrease is effective on the first
