

1 (2) youth marijuana use and its impact on academic achievement and the school environment,
2 including academic performance, absenteeism, behavioral issues, and disciplinary actions;

3 (3) impacts of marijuana use on the criminal justice system, including arrests, citations, driving
4 under the influence, collisions that involve impaired driving due to marijuana use, and court filings involving
5 marijuana;

6 (4) demand for substance use disorder treatment services and the capacity of the behavioral
7 health system to respond;

8 (5) the prevalence and treatment of marijuana-associated mental health disorders, including
9 cannabis-induced psychosis, depression, suicidality, and anxiety; and

10 (6) gaps in current data collection.

11 BE IT FURTHER RESOLVED, that the study:

12 (1) engage stakeholders, including schools and school-based health staff, student resource
13 officers, behavioral health and substance use professionals, law enforcement, emergency departments and
14 primary care professionals, public health officials, law enforcement and justice system stakeholders, tribal
15 nations and tribal health representatives, and local government leaders and community coalitions, to ensure a
16 collaborative and inclusive study process; and

17 (2) use objective, data-driven, and nonpartisan analysis, free from industry or political influence.

18 BE IT FURTHER RESOLVED, that on completion of the study, the committee compile the findings into
19 a comprehensive report to inform future policy. The report must include, at a minimum:

20 (1) a summary of data and stakeholder input;

21 (2) gaps in policy and data collection identified by the study;

22 (3) recommendations and proposed strategies to improve statewide marijuana policy and the
23 collection, tracking, coordination, and reporting of data related to marijuana and its use in the state; and

24 (4) proposed legislative or regulatory strategies to improve prevention, treatment access, youth
25 protection, and public safety.

26 BE IT FURTHER RESOLVED, that all aspects of the study, including data collection, analysis, and
27 stakeholder input, be completed prior to September 15, 2026.

28 BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions,

1 comments, or recommendations of the appropriate committee, be reported to the 70th Legislature.
