- (c) foster a strong economic return for the state on early scholastic literacy investment through  
enhancing Montana's skilled workforce and decreasing future reliance on social programs and the criminal  
justice system.

(3) The legislature intends that the board of public education, the office of public instruction, and the boards of trustees of school districts collaborate to implement this part and achieve the purposes under subsection (2).

(4) The legislature further intends that the board of public education, the office of public instruction, and the boards of trustees of school districts collaborate on an ongoing basis to gather, analyze, and make available outcome data and continually refine the interventions to increase the efficacy and efficiency of each intervention."
