Description of fiscal impact: Under present law, the 5.8% allocation of coal severance tax revenue to the Coal Board will be reduced to 2.9% on July 1, 2023. HB 188, as amended, extends the 5.8% funding through June 30, 2031. The present law fiscal impact is an increase in revenue to the state special revenue fund and a decrease in revenue to the general fund.

FISCAL ANALYSIS

Assumptions:

Department of Revenue

1. Projections of total coal severance tax revenue for the 2025 biennium are from the legislature's HJ 2 revenue estimate. Extended estimates through FY 2027 are provided by the Legislative Fiscal Division.
2. Coal severance tax collections for FY 2024 – FY 2027 are multiplied by 2.9% to calculate the distribution to the Coal Board under present law and by 5.8% to calculate the distribution per the provisions of HB 188.
3. General fund revenue declines and state special revenue rises because of HB 188.
4. The amendment that extends the 5.8% distribution to the Coal Board through FY 2031 does not change the fiscal impact of the bill for the FY 2024 – FY 2027 period. The following table summarizes the fiscal impact of HB 188.

Fiscal Impact of HB 188				
	FY 2024	FY 2025	FY 2026	FY 2027

5. Costs associated with this bill are expected to be minimal and will be absorbed by the Department of Revenue.

Department of Commerce

- During the 2023 biennium, the Coal Board received 23 applications and awarded 18 grants to eligible entities to address impacts from coal development. There are two meetings left in the 2023 biennium where the Coal Board will likely make additional grant awards. During the 2021 biennium, the Coal Board received 42 applications and awarded 23 grants to eligible entities with an average award of \$152,961. Taking into account the average grant awarded by the Coal Board, revenue flows under current law, and after-program administration expenses, the increased distribution percentage proposed in this bill will result in the award of approximately 26 additional grants in the 2025 biennium and 23 additional grants in the 2027 biennium.
- The additional funds will be managed by existing Coal Board staff within the Department of Commerce.
