28 need information that is consistent and accurate. Necessary information includes detailed disbursements by

1 fund type for each agency and program for the appropriate time period, recommendations for creating a
2 balanced budget, and recommended disbursements and estimated receipts by fund type and fund category.

3 (b) Subject to the requirements of this chapter, the budget director and the legislative fiscal analyst
4 shall by agreement:

5 (i) establish necessary standards, formats, and other matters necessary to share information
6 between the agencies and to ensure that information is consistent and accurate for the preparation of the
7 state's budget; and

8 (ii) provide for the collection and provision of budgetary and financial information that is in addition
9 to or different from the information otherwise required to be provided pursuant to this section.

10 (2) In the preparation of a state budget, the budget director shall, not later than the date specified
11 in 17-7-112(1), distribute to all agencies the proper forms and instructions necessary for the preparation of
12 budget estimates by the budget director. These forms must be prescribed by the budget director to procure the
13 information required by subsection (3). The forms must be submitted to the budget director by the date provided
14 in 17-7-112(2), or the agency's budget is subject to preparation based upon estimates as provided in 17-7-
15 112(5). The budget director may refuse to accept forms that do not comply with the provisions of this section or

23 anticipated receipts, together with the other means of financing the budget for each fiscal year of the ensuing
24 biennium, contrasted with the corresponding figures for the last-completed fiscal year and the fiscal year in
25 progress;

26 (b) a schedule of the actual and projected receipts, disbursements, and solvency of each fund for
27 the current biennium and estimated for the subsequent biennium;

28 (c) a statement of the agency mission and a statement of goals and objectives for each program of

28 17-7-112:

1 (a) detailed recommendations for capital developments for:

2 (i) local infrastructure projects;

7 (b) a statewide project budget summary as provided in 2-17-526;

8 (c) the proposed pay plan schedule for all executive branch employees at the program level by

12 part 3, the renewable resource grant and loan program under Title 85, chapter 1, part 6, the reclamation and
13 development grants program under Title 90, chapter 2, part 11, and the Montana coal endowment program
14 under Title 90, chapter 6, part 7.

15 (5) The board of regents shall submit, with its budget request for each university unit in accordance
16 with 17-7-112, a report on the university system bonded indebtedness and related finances as provided in this
17 subsection (5). The report must include the following information for each year of the biennium, contrasted with
18 the same information for the last-completed fiscal year and the fiscal year in progress:

19 (a) a schedule of estimated total bonded indebtedness for each university unit by bond indenture;

20 (b) a schedule of estimated revenue, expenditures, and fund balances by fiscal year for each
21 outstanding bond indenture, clearly delineating the accounts relating to each indenture and the minimum legal
22 funding requirements for each bond indenture; and

24 accounts, with a list of commitments and planned expenditures from the accounts, itemized by revenue source
25 and project for each year of the current and ensuing bienniums.

26 (6) (a) The department of revenue shall make Montana individual income tax information available
27 by removing names, addresses, and social security numbers and substituting in their place a state accounting
28 record identifier number. Except for the purposes of complying with federal law, the department may not alter

1 the data in any other way.

2 (b) The department of revenue shall provide the name and address of a taxpayer on written
3 request of the budget director when the values on the requested return, including estimated payments, are
4 considered necessary by the budget director to properly analyze state revenue and are of a sufficient
5 magnitude to materially affect the analysis and when the identity of the taxpayer is necessary to evaluate the
6 effect of the return or payments on the analysis being performed.

7 (7) The following provisions apply to the development of the budget request for the department of
8 public health and human services:

9 (a) Adjustments to the present law base must be separated by each category described in 17-7-
10 102(10) in order for the legislature to determine the changes that are attributable to legally mandated workload,

12 deflationary adjustments, and elimination of nonrecurring appropriations.

13 (b) Inflation adjustments to the present law base for the institutions or services described in
14 subsection (7)(c) must be based on a reliable national index for the particular service or a similar service or the
15 consumer price index for urban wage earners and workers. An inflation adjustment that is greater than the
16 applicable national index or consumer price index must be presented as a new proposal.

17 (c) Subsection (7)(b) applies to inflation adjustments for:

18 (i) the department-operated institutions described in 53-1-602; and
