 6     resolution, charter amendment, or petition must include:

- 7           (a)     the specific purpose for which the additional money will be used;
- 8           (b)     either:
  - 9           (i)     the specific amount of money to be raised and the approximate number of mills to be imposed;
  - 10          or
  - 11          (ii)    the specific number of mills to be imposed and the approximate amount of money to be raised;
- 12          and
- 13          (c)     whether the levy is permanent or the durational limit on the levy, which may not exceed 5 years  
 14          except as provided in 20-9-308, 20-9-353, 20-9-502(2)(b), and 20-9-533, and except for the county levies  
 15          provided for in 7-6-2513 and 7-32-235 or a public safety levy authorized under 7-6-4421; and

 22     The ballot may also include a statement of the impact of the election on homes of any other value in the district,

 28     number of electors who were qualified to vote in the election.

1 (5) A governing body, as defined in 7-6-4002, may reduce an approved levy in any fiscal year

10 trustees of a district may propose to adopt an over-BASE budget amount for the district general fund that does  
11 not exceed the general fund budget limitations, as provided in 20-9-308.

12 (2) When the trustees of the district propose to adopt an over-BASE budget under subsection (1),  
13 any increase in local property taxes authorized by 20-9-308(4) over revenue previously authorized by the  
14 electors of the district or imposed by the district in any of the previous 5 years must be submitted to a vote of  
15 the qualified electors of the district, as provided in 15-10-425. The trustees are not required to submit to the  
16 qualified electors any increase in state funding of the basic or per-ANB entitlements or of the general fund  
17 payments established in 20-9-327 through 20-9-330 approved by the legislature. When the trustees of a district  
18 determine that a voted amount of financing is required for the general fund budget, the trustees shall submit the  
19 proposition to finance the voted amount to the electors who are qualified under 20-20-301 to vote upon the  
20 proposition. The election must be called and conducted in the manner prescribed by this title for school  
21 elections and must conform to the requirements of 15-10-425. The ballot for the election must conform to the  
22 requirements of 15-10-425.

23 (3) If the proposition on any additional financing for the general fund is approved by a majority vote  
24 ~~of~~ the electors voting at the election, the proposition carries and the trustees may use any portion or all of the  
25 authorized amount in adopting the final general fund budget. The trustees shall certify any additional levy  
26 amount authorized by the election on the budget form that is submitted to the county superintendent, and the  
27 county commissioners shall levy the authorized number of mills on the taxable value of all taxable property  
28 within the district, as prescribed in 20-9-141.

1 (4) All levies adopted under this section must be authorized by the election conducted before  
2 August 1 of the school fiscal year for which it is effective.

3 (5) If the trustees of a district are required to submit a proposition to finance an over-BASE budget  
4 amount, as allowed by 20-9-308, to the electors of the district, the trustees shall comply with the provisions of  
5 subsections (2) through (4) of this section."  
6

7 **Section 9.** Section 20-9-502, MCA, is amended to read:

8 **"20-9-502. Purpose and authorization of building reserve fund -- subfund structure.** (1) The  
9 trustees of any district may establish a building reserve fund to budget for and expend funds for any of the  
10 purposes set forth in this section. Appropriate subfunds must be created to ensure separate tracking of the  
11 expenditure of funds from voted and nonvoted levies and transfers for school safety pursuant to 20-9-236.

12 (2) (a) A voted levy may be imposed and a subfund must be created with the approval of the  
13 qualified electors of the district for the purpose of raising money for the future construction, equipping, or  
14 enlarging of school buildings or for the purpose of purchasing land needed for school purposes in the district. In  
15 order to submit to the qualified electors of the district a building reserve proposition for the establishment of or  
16 addition to a building reserve, the trustees shall pass a resolution that specifies:

- 17 (i) the purpose or purposes for which the new or addition to the building reserve will be used;
- 18 (ii) the duration of time over which the new or addition to the building reserve will be raised in  
19 annual, equal installments;
- 20 (iii) the total amount of money that will be raised during the duration of time specified for the levy;
- 21 and
- 22 (iv) any other requirements under 15-10-425 and 20-20-201 for the calling of an election.

23 (b) Except as provided in subsection (4)(b), a building reserve tax authorization may not be for  
24 more than 20 years.

25 (c) The election must be conducted in accordance with the school election laws of this title, and  
26 the electors qualified to vote in the election must be qualified under the provisions of 20-20-301. The ballot for a  
27 building reserve proposition must be substantially in compliance with 15-10-425.

28 (d) The building reserve proposition is approved if a majority of ~~these~~ the electors voting at the

1 election approve the establishment of or addition to the building reserve as provided in 15-10-425. The annual  
2 budgeting and taxation authority of the trustees for a building reserve is computed by dividing the total  
3 authorized amount by the specified number of years. The authority of the trustees to budget and impose the  
4 taxation for the annual amount to be raised for the building reserve lapses when, at a later time, a bond issue is  
5 approved by the qualified electors of the district for the same purpose or purposes for which the building  
6 reserve fund of the district was established. Whenever a subsequent bond issue is made for the same purpose  
7 or purposes of a building reserve, the money in the building reserve must be used for the purpose or purposes  
8 before any money realized by the bond issue is used.

9 (3) (a) A subfund must be created to account for revenue and expenditures for school major  
10 maintenance and repairs authorized under this subsection (3). The trustees of a district may authorize and  
11 impose a levy of no more than 10 mills on the taxable value of all taxable property within the district for that  
12 school fiscal year for the purposes of raising revenue for identified improvements or projects meeting the  
13 requirements of 20-9-525(2). The 10-mill limit under this subsection (3) must be calculated using the district's  
14 total taxable valuation most recently certified by the department of revenue under 15-10-202. The amount of  
15 money raised by the levy, the deposits and transfers authorized under subsection (3)(f) of this section, and  
16 anticipated state aid pursuant to 20-9-525(3) may not exceed the district's school major maintenance amount.  
17 For the purposes of this section, the term "school major maintenance amount" means the sum of \$15,000 and  
18 the product of \$110 multiplied by the district's budgeted ANB for the prior fiscal year. To authorize and impose a  
19 levy under this subsection (3), the trustees shall:

20 (i) following public notice requirements pursuant to 20-9-116, adopt no later than March 31 of  
21 each fiscal year a resolution:

22 (A) identifying the anticipated improvements or projects for which the proceeds of the levy, the  
23 deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid pursuant to  
24 20-9-525(3) will be used; and

25 (B) estimating a total dollar amount of money to be raised by the levy, the deposits and transfers  
26 authorized under subsection (3)(f) of this section, anticipated state aid pursuant to 20-9-525(3), and the  
27 resulting estimated number of mills to be levied using the district's taxable valuation most recently certified by  
28 the department of revenue under 15-10-202; and

1 (ii) include the amount of any final levy to be imposed as part of its final budget meeting noticed in  
2 compliance with 20-9-131.

3 (b) Proceeds from the levy may be expended only for the purposes under 20-9-525(2), and the  
4 expenditure of the money must be reported in the annual trustees' report as required by 20-9-213.

5 (c) Whenever the trustees of a district impose a levy pursuant to this subsection (3) during the  
6 current school fiscal year, they shall budget for the proceeds of the levy, the deposits and transfers authorized  
7 under subsection (3)(f) of this section, and anticipated state aid pursuant to 20-9-525(3) in the district's building  
8 reserve fund budget. Any expenditures of the funds must be made in accordance with the financial  
9 administration provisions of this title for a budgeted fund.

10 (d) When a tax levy pursuant to this subsection (3) is included as a revenue item on the final  
11 building reserve fund budget, the county superintendent shall report the levy requirement to the county  
12 commissioners by the later of the first Tuesday in September or within 30 calendar days after receiving certified  
13 taxable values and a levy on the district must be made by the county commissioners in accordance with 20-9-  
14 142.

15 (e) A subfund in the building reserve fund must be created for the deposit of proceeds from the  
16 levy, the deposits and transfers authorized under subsection (3)(f) of this section, and anticipated state aid  
17 pursuant to 20-9-525(3).

18 (f) If the imposition of 10 mills pursuant to subsection (3)(a) is estimated by the trustees to  
19 generate an amount less than the maximum levy revenue specified in subsection (3)(a), the trustees may  
20 deposit additional funds from any lawfully available revenue source and may transfer additional funds from any  
21 lawfully available fund of the district to the subfund provided for in subsection (3)(a), up to the difference  
22 between the revenue estimated to be raised by the imposition of 10 mills and the maximum levy revenue  
23 specified in subsection (3)(a). The district's local effort for purposes of calculating its eligibility for state school  
24 major maintenance aid pursuant to 20-9-525 consists of the combined total of funds raised from the imposition  
25 of 10 mills and additional funds raised from deposits and transfers in compliance with this subsection (3)(f).

26 (4) (a) A voted levy may be imposed and a subfund must be created with the approval of the  
27 qualified electors of the district to provide funding for transition costs incurred when the trustees:

28 (i) open a new school under the provisions of Title 20, chapter 6;

- 1 (ii) close a school;
- 2 (iii) replace a school building;
- 3 (iv) consolidate with or annex another district under the provisions of Title 20, chapter 6; or
- 4 (v) receive approval from voters to expand an elementary district into a K-12 district pursuant to
- 5 20-6-326.

6 (b) Except as provided in subsection (4)(c), the total amount the trustees may submit to the  
7 electorate for transition costs may not exceed the number of years specified in the proposition times the greater  
8 of 5% of the district's maximum general fund budget for the current year or \$250 per ANB for the current year.  
9 The duration of the levy for transition costs may not exceed 6 years.

10 (c) If the levy for transition costs is for consolidation or annexation:

11 (i) the limitation on the amount levied is calculated using the ANB and the maximum general fund  
12 budget for the districts that are being combined; and

13 (ii) the proposition must be submitted to the qualified electors in the combined district.

14 (d) The levy for transition costs may not be considered as outstanding indebtedness for the  
15 purpose of calculating the limitation in 20-9-406.

16 (5) (a) A subfund in the building reserve fund must be created for:

17 (i) the funds transferred to the building reserve fund for school safety and security pursuant to 20-  
18 9-236; and

19 (ii) funds generated by a voter-approved levy for school and student safety and security pursuant  
20 to subsection (5)(b) of this section.

21 (b) A voted levy may be imposed with the approval of the qualified electors of the district to provide  
22 funding for improvements to school and student safety and security that meet any of the criteria set forth in 20-  
23 9-236(1)(a) through (1)(e). A voted levy for school and student safety and security may not be considered as  
24 outstanding indebtedness for the purpose of calculating the limitation in 20-9-406. The election for a voted levy  
25 for school and student safety and security must be conducted in accordance with the school election laws of  
26 this title, and the electors qualified to vote in the election must be qualified under the provisions of 20-20-301.  
27 The ballot for a building reserve proposition must be substantially in compliance with 15-10-425."
