14 Bank Grant Act".

15
16 NEW SECTION. Section 2. Purpose. (1) The purpose of [sections 1 through 7] is to provide a farm
17 to food bank grant program administered by the department for farm to food bank activities. Farm to food bank

- 23 (b) support for regional food hubs that can leverage producer relationships to purchase, process,
24 store, and distribute products for and to food banks; and
- 25 (c) access to fresh, healthy, local products for low-income consumers.
- 26 (2) [Sections 1 through 7] create a program to:
- 27 (a) support regional food hubs in building producer networks and purchasing, processing, storing,

1 and distributing local food to food pantries;

2 (b) create a new consumer market for Montana farmers and ranchers; and

3 (c) ensure equitable, statewide access to farm to food bank funds.

12 (2) "Food hub" means any food bank, food and agricultural development center, or other

13 community organization that can illustrate ongoing relationships with Montana-grown food producers in its

14 region and the ability to purchase, store, and distribute local products to food pantries in its area.

15 (3) "Montana-grown" includes:

16 (a) items grown or raised in the state;

17 (b) processed food items containing at least 51% of total ingredients grown, raised, or both, in the

18 state; or

19 (c) food items processed outside of the state in accordance with existing regulations so long as the
