10
11 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

12
13 **NEW SECTION. Section 1. Parent resource on language developmental milestones -- criteria --**
14 **distribution -- timeline for development.** (1) The department of public health and human services and the
15 office of public instruction shall collaborate to select language developmental milestones from existing
16 standardized norms to develop a resource for parents to use in monitoring the expressive and receptive
17 language acquisition of deaf and hard-of-hearing children.

- 18 (2) The parent resource must:
- 19 (a) include the language developmental milestones developed in accordance with subsection (4);
 - 20 (b) be appropriate, in both content and administration, for use with deaf and hard-of-hearing
21 children from birth through 8 years of age who use American sign language, English, or both;
 - 22 (c) present the language developmental milestones in terms of the typical development of all
23 children by age range;
 - 24 (d) be written for clarity and ease of use by parents;
 - 25 (e) be aligned with:
 - 26 (i) the department's existing infant, toddler, and preschool guidelines;
 - 27 (ii) the existing ~~instrument~~ INSTRUMENTS used to assess the development of children with

1 disabilities pursuant to federal law; and

2 (iii) the state standards in English language arts;

3 (f) make clear that a parent has the right to select ~~American sign language~~, English, A SPOKEN

4 LANGUAGE, A SIGNED LANGUAGE, or both, as the language to be used for the child's language acquisition and

5 developmental milestones;

6 (g) make clear that the parent resource is not a formal assessment of language development and

7 that a parent's observations of a child may differ from formal assessment data presented at a meeting to

8 discuss an individualized family service plan or individualized education program;

9 (h) make clear that a parent may bring the parent resource to an individualized family service plan

10 or individualized education program meeting to share the parent's observations about the child's development;

11 and

12 (i) include fair, balanced, and comprehensive information about languages, communication

13 modes, and available services and programs.

14 (3) The department and the office of public instruction shall disseminate the parent resource on

15 their websites.

16 (4) (a) (i) On or before March 1, 2024, the department and the office of public instruction shall

17 provide the language development advisory committee provided for in [section 2] with a list of existing language

18 developmental milestones from existing standardized norms. Each agency shall provide any relevant

19 information it holds regarding the language developmental milestones for possible inclusion in the parent

20 resource.

21 (ii) The language developmental milestones must be aligned with the agencies' existing infant,

22 toddler, and preschool guidelines, the existing instrument used to assess the development of children with

23 disabilities pursuant to federal law, and the state standards in English language arts.

24 (b) On or before June 1, 2024, the advisory committee shall recommend language developmental

25 milestones to be selected for the parent resource.

26 (c) On or before June 30, 2024, the department and the office of public instruction shall inform the

27 advisory committee of language developmental milestones selected for inclusion in the parent resource.

4 language and English language assessments;

5 (vii) a representative from a parent training information center;

6 (viii) a representative from an association of interpreters who provide services to support the
7 communication needs of deaf and hard-of-hearing students in educational settings; OR

8 (ix) a psychologist with expertise in assessing deaf and hard-of-hearing children who is fluent in
9 American sign language and English;

10 ~~(x) a speech language pathologist; or~~

11 ~~(xi) a pediatric audiologist.~~

12 (3) In selecting members, the director of the department and the superintendent shall ensure that:

13 (a) at least two and up to six of the members are deaf or hard of hearing, with preference given,
14 when appointing members with equal credentials, to deaf and hard-of-hearing members in order to include the
15 greatest number of deaf and hard-of-hearing members possible; and

16 (b) the membership is balanced among people who personally, professionally, or parentally use
17 the dual languages of American sign language and English and members who personally, professionally, or
18 parentally use only spoken English.

19 (4) The committee shall:

20 (a) advise the department and the office of public instruction on the selection of language
21 developmental milestones for children who are deaf or hard of hearing that are equivalent to milestones for
22 children who are not deaf or hard of hearing, for inclusion in the parent resource developed pursuant to [section
23 1];

24 (b) make recommendations on the selection and administration of provider or educator tools or
25 assessments selected pursuant to 52-2-901;

26 (c) advise the department or the office of public instruction on how the content and administration

11 **Section 5.** Section 52-2-901, MCA, is amended to read:

12 **"52-2-901. Evaluation and assessment of language and literacy development in deaf and hard-**

13 **of-hearing children -- exception -- report.** (1) In providing early intervention services for deaf and hard-of-

14 hearing children and their families pursuant to Part B and Part C of the Individuals with Disabilities Education

15 Act, 20 U.S.C. 1431, et seq., the department of public health and human services and the office of public

16 instruction shall provide a list of tools for qualified personnel and educators to use in evaluating and assessing

17 the language and literacy development of deaf and hard-of-hearing children. The tools must be selected from

18 the list submitted by the language development advisory committee pursuant to [section 2].

19 (2) A tool:

20 (a) must be in a format that shows the stages of language development for American sign

21 language or English, for American sign language, or for another language spoken in the child's home;

22 (b) must be used by qualified personnel and educators to track the development of deaf and hard-
23 of-hearing children's expressive and receptive language acquisition and developmental stages toward literacy

24 effective communication;

25 (c) must be selected from existing instruments or assessments used to assess the development of

26 all deaf and hard-of-hearing children from birth ~~to 3 years~~ through 8 years of age; and

27 (d) must be appropriate, in both content and administration, for use with deaf and hard-of-hearing

1 children.

2 (3) The ~~Except as provided in subsection (8), the~~ tools ~~may~~ must be used, as part of the

3 assessment required by federal law, by a child's individualized family service plan or individualized education

4 program, as applicable, to track the child's progress and to establish or modify the child's individualized family

5 service plan or individualized education program.

6 (4) Each child's language development must be assessed:

7 (a) every 6 months from birth until the child reaches 3 years of age; and

8 (b) annually from 3 years of age until the child reaches 9 years of age.

9 (5) If a deaf or hard-of-hearing child does not ~~demonstrate adequate~~ progress ~~through established~~

10 benchmarks in expressive and receptive language skills as measured by one of the educator tools or

11 assessments selected pursuant to this section or by the existing instrument used to assess the development of

12 children with disabilities, the child's individualized family service plan or individualized education program team

13 must:

14 (a) explain in detail the reasons the child is not meeting the language developmental milestones or

15 progressing towards them; and

16 (b) recommend specific strategies, services, and programs that may be provided to assist the

17 child's success in effective communication.

18 (4)(6) (a) The department shall provide a ~~the~~ list of tools selected pursuant to this ~~section~~ part to

19 providers of early intervention services to track the language and literacy development of the deaf and hard-of-

20 hearing children to whom the provider is providing services.

21 (b) The office of public instruction shall provide a list of tools to educators or providers of school-

22 based services to track the language development of a deaf or hard-of-hearing child receiving services.

23 (5)(7) (a) The department and the office of public instruction shall each prepare an annual report,

24 using existing data that is reported in compliance with federal requirements for children receiving Part B and

25 Part C services, regarding the language and literacy development in deaf and hard-of-hearing children from

26 birth to 3 through 8 years of age relative to their peers who are not deaf or hard of hearing.

27 (b) The report must include, as applicable to each agency:
