Description of fiscal impact: HB 689 eliminates those provisions of 46-18-203, MCA, related to the requirement to document exhaustion of the Montana Interventions and Incentives Grid (MIIG) before filing a report of violation. The bill removes the requirement of the probation officer's documentation of the exhaustion of appropriate violation responses under the MIIG as a part of the district court proceeding on the revocation of a probationary sentence. These changes would impact the documentation required in the court proceeding but would not otherwise impact Probation and Parole (P&P) supervision or operations. This bill will have no fiscal impact to the Department of Corrections (DoC).

FISCAL ANALYSIS

Technical Notes:

- The elimination of compliance vs non-compliance language will have the effect of limiting the DoC's ability to collect the related data that has been requested by various legislative bodies and inquiries.
